Who Was the **Disciple** that
Jesus Loved?

Beloved Disciple Member

JR Anderson

Beloved Disciple Member:

The Beloved Disciple James H. Charlesworth, 1995 The Gospel of John refers five times to the disciple whom Jesus loved From the second through the present century scholars have sought to identify this disciple traditionally concluding that he is the author of the Gospel and is indeed none other than John the son of Zebedee In recent phases of research however the identification of the Beloved Disciple with John the son of Zebedee has been exposed as weak and unpersuasive Yet according to James Charlesworth even this new research is problematic in that it tends to ascribe priority in discerning the meaning of the Gospel of John to documents other than the Gospel itself Moreover this research tends to impute historical accuracy to documents that were not primarily intended to present histories Based on extensive research then Professor Charlesworth has concluded that the primary texts in the Gospel of John and the reflections of modern scholars indicate that any identification of the Beloved Disciple whether with one of the disciples specified in the Gospel with one who is anonymous in this Gospel or with some symbolic theme must provide credible answers to eight questions BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Secret Identity of the Beloved Disciple** Joseph A. Grassi, 1992 [The Oxford Handbook of Johannine Studies](#) Judith M. Lieu, Martinus C. de Boer, 2018-07-26 The contribution of the Johannine literature to the development of Christian theology and particularly to Christology is uncontested although careful distinction between the implications of its language especially that of sonship in a first century Jewish context and in the subsequent theological controversies of the early Church has been particularly important if not always easily sustained Recent study has shaken off the weight of subsequent Christian appropriation of Johannine language which has sometimes made readers immune to the ambiguities and challenging tensions in its thought The Oxford Handbook of Johannine Studies begins with chapters concentrating on discussions of the background and context of the Johannine literature leading to the different ways of reading the text and thence to the primary theological themes within them before concluding with some discussion of the reception of the Johannine literature in the early church Inevitably given their different genres and levels of complexity some chapters pay most if not all attention to the Gospel whereas others are more able to give a more substantial place to the letters All the contributors have themselves made significant contributions to their topic They have sought to give a balanced introduction to the relevant scholarship and debate but they have also been able to present the issues from their own perspective The Handbook will help those less familiar with the Johannine literature to get a sense of the major areas of debate and why the field continues to be one of vibrant and exciting study and that those who are already part of the conversation will find new insights to enliven their own on going engagement with these writings *Jesus and the Eyewitnesses, 2nd ed.* Richard Bauckham, 2017-04-28 A groundbreaking work in New Testament studies expanded and updated Winner of the 2007 Christianity Today Book Award in Biblical Studies this momentous volume argues that the four Gospels are closely based on the eyewitness testimony of those who personally knew Jesus Noted New

Testament scholar Richard Bauckham challenges the prevailing assumption that the Jesus accounts circulated as anonymous community traditions asserting instead that they were transmitted in the names of the original eyewitnesses In this expanded second edition Bauckham is adding a new preface three substantial new chapters that respond to critics and clarify key points of his argument and a comprehensive new bibliography **The Royal Cross** ,1916 **Aposynagōgos and the Historical Jesus in John** Jonathan Bernier,2013-09-12 In Aposynag gos and the Historical Jesus in John Jonathan Bernier utilizes the critical realist hermeneutics developed by Bernard Lonergan and Ben F Meyer to survey historical data relevant to the Johannine expulsion passages John 9 22 12 42 16 2 He evaluates the major two contemporary interpretative traditions regarding these passages namely that they describe not events of Jesus lifetime but rather the implementation of the Birkat ha Minim in the first first century or that they describe not historical events at all but serve only to construct Johannine identity Against both traditions Bernier argues that these passages plausibly describe events that could have happened during Jesus lifetime *John, the Son of Zebedee* R. Alan Culpepper,1994 One of the most important sources of information about the development of Johannine legends as well as one of the most successful efforts to overcome barriers that have traditionally separated New Testament exegesis from the study of church history **The Theosophic Messenger** ,1909 Introduction to John and the Acts of the Apostles William Barclay,1976 **You Name It, Formerly The Record** Girls Friendly Society,1905 **Introduction to the Books of the New Testament** Willoughby Charles Allen,Laurence William Grensted,1918 **Monthly Packet of Evening Readings for Members of the English Church (earlier "for Younger Members of the English Church")** ,1879 The New Testament of Our Lord and Saviour Jesus Christ Christopher Wordsworth,1886 **The New Testament of Our Lord and Saviour Jesus Christ, in the Original Greek** ,1872 *The New Testament ... in the original Greek: with notes and introductions by C. Mills,Roger Aubrey Bullard,1990 Jesus Christ in History and Scripture highlights two related bases for the current revolution in Jesus studies 1 a critically chastened world view that is satisfied with provisional results and 2 a creative or poetic use of the sources of study of Jesus The seat of authority in religion James Martineau,1891 **Problems of the New Testament To-day** Richard Henry Malden,1923
