Eddy,1984 *The Bent Family in America* Allen Herbert Bent,1900 **Life of George Bent** George E. Hyde,2015-01-13 George Bent the son of William Bent one of the founders of Bent s Fort on the Arkansas near present La Junta Colorado and Owl Woman a Cheyenne began exchanging letters in 1905 with George E Hyde of Omaha concerning life at the fort his experiences with his Cheyenne kinsmen and the events which finally led to the military suppression of the Indians on the southern Great Plains This correspondence which continued to the eve of Bent s death in 1918 is the source of the narrative here published the narrator being Bent himself Almost ninety years have elapsed since the day in 1930 when Mr Hyde found it impossible to market the finished manuscript of the Bent life down to 1866 The Depression had set in some months before He accordingly sold that portion of the manuscript to the Denver Public Library retaining his working copy which carries down to 1875 The account therefore embraces the most stirring period not only of Bent s own life but of life on the Plains and into the Rockies It has never before been published It is not often that an eyewitness of great events in the West tells his own story But Bent s narrative aside from the extent of its chronology 1826 to 1875 has very special significance as an inside view of Cheyenne life and action after the Sand Creek Massacre of 1864 which cost so many of the lives of Bent s friends and relatives It is hardly probable that we shall achieve a more authentic view of what happened as the Cheyennes Arapahos and Sioux saw it **Collections of the Kansas State Historical Society** Kansas State Historical Society,1890 Bent's Fort David Lavender,David Sievert Lavender,1990-01-01 Tells of the building of Bent s Fort a trading post along the Santa Fe trail and describes work there the wagon trains Indians who traded there and life at the fort in summer and winter *Ritual Ground* Douglas C. Comer,1996-12-23 From about 1830 to 1849 Bent s Old Fort located in present day Colorado on the Mountain Branch of the Santa Fe Trail was the largest trading post in the Southwest and the mountain plains region Although the raw enterprise and improvisation that characterized the

American westward movement seem to have little to do with ritual Douglas Comer argues that the fort grew and prospered because of ritual and that ritual shaped the subsequent history of the region to an astonishing extent At Bent s Old Fort rituals of trade feasting gaming marriage secret societies and war as well as the calcified ritual provided by the fort itself brought together and restructured Anglo Hispanic and American Indian cultures Comer sheds new light on this heretofore poorly understood period in American history building at the same time a powerfully convincing case to demonstrate that the human world is made through ritual Comer gives his narrative an anthropological and philosophical framework the events at Bent s Old Fort provide a compelling example not only of world formation but of a world s tragic collapse culminating in the Sand Creek massacre He also calls attention to the reconstructed Bent s Old Fort on the site of the original Here visitors reenact history staff work out personal identities and groups lobby for special versions of history by ritual recasting of the past as the present *Touring Bent's Old Fort* United States.
