Life and Death in Private Law Kate Falconer,Kit Barker,Andrew Fell,2024-12-26 Private law regulates life this is self evident but how does it regulate death This edited collection explores this question Life and death are the beginning and end of the legal person the instigator and terminator of rights interests and obligations They are also the nominal separator of particular fields of law medical law from succession law for example As such they act as fault lines that can test the limit of private law principles and norms This book explores what life and death tell us about private law and what private law can tell us about the meaning and value of life and death

Hermitage, Wat and Some Murder or Other Howard of Warwick,2014-05-30 Humour ahead The works of Howard of Warwick are hilarious and very silly If you value your historical proprieties look away now After 1066 not all the Normans were in England Those left in Normandy were up to no good and the ghastly Le Pedvin wants one of them dealt with Brother Hermitage the most medieval of detectives and his companion Wat weaver of tapestry you wouldn t want your children to see are dispatched to the Norman home land to bring a killer to justice How they do it is up to them and why they re doing it is none of their business they have their orders and the consequences of disobedience will be death as usual It s not clear what Le Pedvin is up to It s not clear that anyone is actually dead Not much is clear about Norman villagers at all It s definitely not clear how Hermitage and Wat are going to get out of this alive But it will be Also by Howard of Warwick The Heretics of De Ath Hermitage and Wat s first outing setting the bar pretty low The Garderobe of Death Murder most foul Really really foul The Tapestry of Death Deceit denial and the defective detective The Domesday Book No Not That One 1066 as it might have happened but probably didn t The works of Howard of Warwick are now major books with paper and everything What people have said about Howard of Warwick 5 The funniest book you will read for the next 1 000 years 5 Hilarious 5 A hit a palpable hit 1 Started ridiculous and went downhill from there 1 Compared to Terry Pratchett Douglas Adams Monty Python and Carry on you get the picture *The Continent*

of Lies James Morrow, 2013-08-20 A dystopian tale about mass entertainment turned toxic from the award winning author of *Towing Jehovah* perfect for Philip K Dick fans Cutting edge virtual reality has emerged as a popular albeit controversial source of amusement Devouring a cephalopod or dreambean allows the eater to become the primary player in a preprogrammed narrative love story historical spectacle horror thriller this medium encompasses all genres Our protagonist Quinjin is a professional dreambean critic rating the hallucinogenic adventures hidden within these remarkable fruits But something has gone terribly wrong An anonymous dreamweaver has created a cephalopod that by transporting its users to the core of an inescapable nightmare drives them stark raving mad just the sort of ammunition the anti dreambean movement needs to get the technology banned Quinjin is hired to find the source of the poison and eradicate it But the reviewer's heroic quest becomes highly personal when the person he most cares about his teenage daughter eats the forbidden fruit and lapses into a coma Dark and satiric *The Continent of Lies* is a bravura demonstration of the bold originality that has won James Morrow two Nebula Awards two World Fantasy Awards and the Prix Utopia

Muletrain to Maggody Joan Hess,2005-01-01 Away down south in Maggody Arkansas Police Chief Arly Hanks the sharpest small town sleuth since Miss Marple Kirkus Reviews must keep the peace when the Civil War or a darn good replication masks a modern day murderer Muletrain to Maggody A few dozen die hard Yanks and Rebs a dewy eyed belle and a general or two have rolled into town and so has a documentary film crew to re enact a piece of Maggody history Not that the Skirmish at Cotter's Ridge was particularly significant it wasn't or that folks care overly about the 1863 scuffle they don't But rumors are flying like musket fire that two saddlebags of long lost Confederate gold are holed up in a local cave and frankly my dear everyone gives a damn about getting their hands on it Authenticity goes overboard when the body count starts rising and Arly must catch a killer to ensure that the people of Maggody can live not die in Dixie
