MODERN BIOLOGY

A detailed illustration of two owls perched on a branch. The owl in the foreground is shown in profile, looking towards the right. It has dark, mottled feathers on its head and back, and lighter, patterned feathers on its chest. Its eyes are a striking, bright orange-red color. The owl behind it is partially obscured, showing its wings and back. The background is dark, making the owl's feathers stand out. The overall style is realistic and detailed.
