**Islam: A Very Short Introduction** Malise Ruthven,2012-01-26 Islam features widely

in the news often in its most militant forms but few people in the non Muslim world really understand its nature Malise Ruthven s Very Short Introduction offers essential insights into the big issues provides fresh perspectives on contemporary questions and guides us through the complex debates *An Introduction to Religious Foundations in the Ottoman Empire* Barnes,2023-05-25 There has hitherto been no overview of the Islamic institution of vakif pl evkaf from its beginnings until the present century this book is intended to fill that gap The author sets the scene by considering various views on the origins of vakif and the legal conditions which defined it He then deals with the question of whether conquered lands may legally be held as private property in Islam and concludes that they may not This is of particular relevance since the geographic scope of the study is the area covered by the Ottoman Empire an entity existing as a result of conquest and it was under the Ottomans that the institution of vakif was most fully developed It was in the reign of Suleyman I during the tenure of the office of seyhulislam by the formidable legist Ebussuud that the law concerning evkaf was formalised Following the logic of introducing the miri land system into Rumeli and Anatolia an action he sought to justify by proposing its similarity to seriat provisions on land tenure Ebussuud rendered it lawful to exact dues on vakif property Mehmed IPs earlier attempt to seize such property for the state had demonstrated the political unacceptability of such a bold act instead evkaf property which had come to be regarded as private was not threatened by Ebussuud but the taxing of revenues was allowed The subsequent history of Ottoman evkaf is the story of the struggle between the state and the beneficiaries of the charitable foundations for control over the use of the revenues From <http://www.jstor.org> July 6 2012
