An Introduction To The Uralic Languages:

An Introduction to the Uralic Languages Björn Collinder, 2023-07-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1965 *An Introduction to the Uralic Languages* Björn Collinder, 1965 Published under the auspices of the Center for Research in languages and Linguistics University of California Los Angeles **An Introduction to the Uralic Languages** Erik Alfred Thorbjörn Collinder, 1965 **The Uralic Languages** Daniel Mario Abondolo, 1998 This book provides a unique up to date survey of the nineteen Uralic languages from Estonian to Samoyedic Each chapter deals with a specific language focusing on its structure history and development **An Introduction to the Uralic Language** Bjorn Collinder, 1965 The Uralic Languages Daniel Abondolo, Riitta-Liisa Valijärvi, 2023-03-31 The Uralic Languages second edition is a reference book which brings together detailed discussions of the historical development and specialized linguistic structures and features of the languages in the Uralic family The Uralic languages are spoken today in a vast geographical area stretching from Dalarna County in Sweden to Dudinka Taimyr Russia There are currently approximately 50 languages in the group the largest one among them being the state languages Finnish Estonian and Hungarian other Uralic languages covered in the book are South Saami Skolt Saami Vro Moksha Mordvin Mari Udmurt Zyrian Komi Mansi Khanty Nganasan Forest and Tundra Enets Nenets and Selkup The book also contains a chapter on Finnic languages the reconstruction of Uralic the history of Uralic studies connections of Uralic to other language families and language names demographics and degrees of endangerment This second and thoroughly revised edition updates and augments the authoritative accounts of the first edition and reflects recent and ongoing developments in linguistics and the languages themselves as well as our further enhanced understanding of the relations and patterns of influence between them Each chapter combines modern linguistic analysis and documentary linguistics a relatively uniform structure allows for easy typological comparison between the individual languages Written by an international team of experts The Uralic Languages will be invaluable to students and researchers within linguistics folklore and Siberian studies An Introduction to the Languages of the World Anatole Lyovin, 1997 This text is designed to introduce students to the variety of languages of the world *An Introduction to the Study of Language* Leonard Bloomfield, 1914 *Negation in Uralic Languages* Matti Miestamo, Anne Tamm, Beáta Wagner-Nagy, 2015-06-24 The grammaticalized expression of negation is a linguistic universal This volume deals with negation in the Uralic language family in a typological perspective As in no other major language family before a comprehensive typological questionnaire provides the basis for the chapters documenting negation in 17 languages Most of them are endangered The chapters highlight negative auxiliary verbs the special Uralic feature and their ways of combining with the rich inventory of other

negators in different types of clauses as well as negative replies negative indefinites abessives caritives privatives scope polarity and emphatic negation Selected aspects of negation such as negative indefinites negation of non verbal predicates and information structure are discussed in more detail in five further chapters The book brings new typologically informed perspectives on negation in the Uralic family and it provides valuable data and insights for any linguist working on negation

The Uralic Language Family Angela Marcantonio,2002-06-10 In this detailed survey of Finnish Hungarian Lapp and the other Uralic Languages Angela Marcantonio shows there is in fact no scientific evidence to support the belief that they form a genetic family If this approach is accepted this detailed analysis will have far reaching consequences for other assumed language families

The Languages of the Soviet Union Bernard Comrie,1981-06-04 A general account of the languages of the Soviet Union one of the most diverse multinational and multilingual states in the world as well as one of the most important There are some 130 languages spoken in the USSR belonging to five main families and ranging from Russian which is the first language of about 130 000 000 people to Aluet spoken only by 96 in the 1970 census Dr Comrie has two general aims First he presents the most important structural features of these languages their genetic relationships and classification and their distinctive typological features Secondly he examines the social and political background to the use of functioning of the various languages in a multilingual state The volume will be of importance and interest to linguists and to those with a broader professional interest in the Soviet Union

The Oxford Handbook of Vowel Harmony Nancy A. Ritter,Harry van der Hulst,2024-09-17 This handbook provides a detailed account of the phenomenon of vowel harmony a pattern according to which all vowels within a word must agree for some phonological property or properties Vowel harmony has been central in the development of phonological theories thanks to its cluster of remarkable properties notably its typically unbounded character and its non locality and because it forms part of the phonology of most world languages The five parts of this volume cover all aspects of vowel harmony from a range of theoretical and methodological perspectives Part I outlines the types of vowel harmony and some unusual cases before Part II explores structural issues such as vowel inventories the interaction of vowel harmony and morphological structure and locality The chapters in Part III provide an overview of the various theoretical accounts of the phenomenon as well as bringing in insights from language acquisition and psycholinguistics while Part IV focuses on the historical life cycle of vowel harmony looking at topics such as phonetic factors and the effect of language contact The final part contains 31 chapters that present data and analysis of vowel harmony across all major language families as well as several isolates constituting the broadest coverage of the phenomenon to date

An Introduction to the Languages of the World Anatole Lyovin,Brett Kessler,William Leben,2016-12-01 Unique in scope An Introduction to the Languages of the World introduces linguistics students to the variety of world s languages Students will gain familiarity with concepts such as sound change lexical borrowing diglossia and language diffusion and the rich variety of linguistic structure in word order morphological types grammatical relations gender inflection and derivation It offers the

opportunity to explore structures of varying and fascinating languages even with no prior acquaintance A chapter is devoted to each of the world's continents with in depth analyses of representative languages of Europe Asia Africa Oceania and America and separate chapters cover writing systems and pidgins and creoles Each chapter contains exercises and recommendations for further reading New to this edition are eleven original maps as well as sections on sign languages and language death and revitalization For greater readability basic language facts are now organized in tables and language samples follow international standards for phonetic transcription and word by word glossing There is an instructor's manual available for registered instructors on the book's companion website

North Sámi Lily Kahn, Riitta-Liisa Valijärvi, 2017-02-03 North Sámi An Essential Grammar is the most up to date work on North Sámi grammar to be published in English The book provides a clear and comprehensive overview of modern Sámi grammar including examples drawn from authentic texts of various genres a systematic order of topics beginning with the alphabet and phonology continuing with nominal and verbal morphology and syntax and concluding with more advanced topics such as discourse particles complex sentences and word formation full explanations of the grammatical terminology for the benefit of readers without a background in linguistics Suitable for linguists as well as independent and classroom based students North Sámi An Essential Grammar is an accessible but thorough introduction to the essential morphology and syntax of modern North Sámi the largest of the Sámi languages

An Introduction To The Uralic Languages Introduction

In the digital age, access to information has become easier than ever before. The ability to download An Introduction To The Uralic Languages has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download An Introduction To The Uralic Languages has opened up a world of possibilities. Downloading An Introduction To The Uralic Languages provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading An Introduction To The Uralic Languages has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download An Introduction To The Uralic Languages. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading An Introduction To The Uralic Languages. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading An Introduction To The Uralic Languages, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from.

In conclusion, the ability to download An Introduction To The Uralic Languages has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About An Introduction To The Uralic Languages Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. An Introduction To The Uralic Languages is one of the best book in our library for free trial. We provide copy of An Introduction To The Uralic Languages in digital format, so the resources that you find are reliable. There are also many Ebooks of related with An Introduction To The Uralic Languages. Where to download An Introduction To The Uralic Languages online for free? Are you looking for An Introduction To The Uralic Languages PDF? This is definitely going to save you time and cash in something you should think about.
