Analytic Ambition An Introduction To Philosophy

George W. Shields

Analytic Ambition An Introduction To Philosophy:

The Analytic Ambition William Charlton,1991 This book explains in down to earth language what analytical philosophy is and presupposes no previous knowledge of the subject Analytical philosophers aim at obtaining insight into the traditional topics of philosophy by logical conceptual and linguistic analysis In this book William Charlton answers relativist attacks on this ambition and argues that its methods can still provide fresh insight into the traditional problems of philosophy Taking such central philosophical problems as meaning time causation and thought the author shows why they are problems for philosophy rather than for any other discipline and thereby illustrates and supports a new general theory of the nature and scope of philosophical enquiry The Analytic Ambition is both an introduction to readers fresh to philosophy and a challenge to professional thinking that has become set in its ways

Comte After Positivism Robert C. Scharff,2002-06-20 This 1996 book provides a detailed systematic reconsideration of Auguste Comte

Dictionary of Twentieth-Century British Philosophers Stuart Brown,2005-06-01 This is a two volume work with entries on individuals who made some contribution to philosophy in the period 1900 to 1960 or soon after The entries deal with the whole philosophical work of an individual or in the case of philosophers still living their whole work to date Typically the individuals included have been born by 1935 and by now have made their main contributions Contributions to the subject typically take the form of books or journal articles but influential teachers and people otherwise important in the world of philosophy may also be included The dictionary includes amateurs as well as professional philosophers and where appropriate thinkers whose main discipline was outside philosophy There are special problems about the term British in the twentieth century partly because of human migration partly because of decolonialization and the changing denotation of the term The intention has been to include not only those who were British subjects at least for a significant part of their lives even if they mostly lived outside what is now the U K but also people who spent a significant part of their lives in Britain itself irrespective of their nationality or country of origin In the first category are included for instance a number of people who were born and educated in Britain but who subsequently taught in universities abroad In the second category are included those who were born elsewhere but who came to Britain and contributed to its philosophical culture

Analytic Philosophy & Logic Akihiro Kanamori,2000 **Philosophical and Ideological Perspectives on Education** Gerald Lee Gutek,1997 This second edition continues to examine the major schools of philosophy of education through the systems approach It also considers the relationship of education to major ideologies such as Liberalism Conservatism and Marxism The third section on Educational Theory analyzes the impact of philosophy and ideology on educational theory and practice by examining such theories as Essentialism Perennialism Progressivism and Social Reconstructionism Although focusing on the philosophy of education this book provides a three dimensional introduction to educational ideas First it examines the major philosophical systems and ideologies that have shaped educational thought and practice Second it outlines certain ideas from philosophy and ideology to illustrate how these

disciplines contribute to educational theory Third in seeking to provide a context for educational philosophy ideology and theory it includes biographical sketches of principal originators or contributors of leading ideas about education For professionals working in the field of education

The Analytic Ambition William Charlton,1991 *The Varieties of Understanding: Introduction. Cambridge analytical philosophy* Nikolay Milkov,1997 Philosophy Brooke Noel Moore,Kenneth Bruder,2001 One of the most widely adopted texts in the field Philosophy The Power of Ideas offers a topical introduction to philosophy within an overarching historical framework The goal of the authors is to make philosophy understandable while not oversimplifying the material showing that philosophy contains powerful ideas that affect the lives of real people

The Journal of Philosophy ,1992 Covers topics in philosophy psychology and scientific methods Vols 31 include A Bibliography of philosophy 1933

Continuum Encyclopedia of British Philosophy A. C. Grayling,Andrew Pyle,Naomi Goulder,2006-06-28 No Marketing Blurb

Edwards on God Sebastian Rehnman,2020-11-29 Jonathan Edwards is generally acknowledged as one of the foremost American philosophers Edwards on God offers a historically informed philosophical analysis of his arguments for the existence and nature of God The book begins with a characterization of Edwards s intellectual profile and philosophical theology It then explicates and evaluates his arguments from the beginning of existence design being in general virtue as benevolence and his account of natural and moral divine attributes There is no other such treatment of Edwards s metaphysics of divinity This volume will be primarily relevant to philosophers historians and theologians

Philosophical and Ideological Voices in Education Gerald Lee Gutek,2004 Philosophical and Ideological Voices in Education contains clearly written analyses of major philosophies ideologies and theories of education and includes a primary source selection representative of each topic treated in the book Each chapter addresses the nature principles and applications of each philosophy ideology and theory to education schooling and curriculum and instruction The book provides a philosophical and ideological grid that helps students locate analyze and criticize the leading ideas in the theoretical foundations of education Publisher description
