Pryke,Walter C. Soderlund,1998 Bibliography of Imperial, Colonial, and Commonwealth History Since 1600 Andrew N. Porter,2002 The twentieth century witnessed an unprecedented growth of research and publication on the history of Britain's empire the Commonwealth and British expansion overseas Historical work by area specialists has transformed the state of knowledge concerning colonial North America India the Caribbean sub Saharan Africa South and South East Asia the Pacific and Australasia Much has been written about Britain's interests and presence in areas and societies never formally subjected to British rule such as Latin America and the Middle and Far East Most recently a preoccupation with the reciprocal impact of overseas expansion and colonial possessions on Britain itself has produced a rapidly growing historiography Publication on this scale has made it virtually impossible for anyone either to keep track of the results or to follow up particular interests

Britain's overseas history has never been well supplied with comprehensive bibliographical aids and despite extensive public interest in the subject the position has steadily worsened Following the recent Oxford History of the British Empire this volume is therefore designed to provide a general source of reference and bibliographical guidance at once wide ranging up to date and accessible The Writers Directory, 2013 Forthcoming Books Rose Arny, 2003-04 Joyce in the Belly of the Big Truck; Workbook Joyce A.
