# Almanac Of Modern Terrorism

**Alex Schmid**

## **Almanac Of Modern Terrorism:**

**Almanac of Modern Terrorism** Jay M. Shafritz, E. F. Gibbons, Gregory E. J. Scott, 1991 Detailed coverage of terrorism encompasses all the major events people organizations and policies that have figured in international terrorism over the last three decades

**Chronologies of Modern Terrorism** Barry Rubin, Judith Colp Rubin, 2015-01-28 Concise yet comprehensive this one volume reference examines the history of terrorism in the modern world including its origins and development and terrorist acts by groups and individuals from the French Revolution to today Organized thematically and regionally it outlines major developments in conflicts that involved terrorism the history of terrorist groups key aspects of counterterrorist policy and specific terrorist incidents Initial chapters explore terrorism as a social force and analyze the use of terrorism as a political tool both historically and in the contemporary world Subsequent chapters focus on different parts of the world and consider terrorism as a part of larger disputes Each chapter begins with a historical introduction and analysis of the topic or region followed by one or more chronologies that trace events within political and social contexts A glossary selected bibliography and detailed index are also included

**The Routledge Handbook of Terrorism Research** Alex Peter Schmid, 2011 This volume is a monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources which is now being revised and updated as a resource for the expanding community of researchers on the subject of terrorism

**The Routledge Handbook of Terrorism Research** Alex Schmid, 2011-02-25 This major new Handbook synthesises more than two decades of scholarly research and provides a comprehensive overview of the field of terrorism studies The content of the Handbook is based on the responses to a questionnaire by nearly 100 experts from more than 20 countries as well as the specific expertise and experience of the volume editor and the various contributors Together they guide the reader through the voluminous literature on terrorism and propose a new consensus definition of terrorism based on an extensive review of existing conceptualisations The work also features a large collection of typologies and surveys a wide range of theories of terrorism Additional chapters survey terrorist databases and provide a guide to available resources on terrorism in libraries and on the Internet It also includes the most comprehensive World Directory of Extremist Terrorist and other Organizations associated with Guerrilla Warfare Political Violence Protest and Organized and Cyber Crime The Routledge Handbook of Terrorism Research will be an essential work of reference for students and researchers of terrorism and political violence security studies criminology political science and international relations and of great interest to policymakers and professionals in the field of counter terrorism

**Information Sources of Political Science** Stephen W. Green, Douglas J. Ernest, 2005-07-15 A thoroughly revised and updated new edition of the world's leading comprehensive bibliography of American and international politics The eagerly anticipated new edition of the widely acclaimed Information Sources of Political Science is the most comprehensive English language political bibliography available offering the surest way for students and researchers to get straight to the information they need Like no other volume it provides a fully

rounded view of the field both in the United States and internationally including relevant works in history economics sociology and education Its 2 500 entries cover a wide variety of source types indexing and abstracting services major bibliographical tools encyclopedias dictionaries handbooks directories statistical compilations and more In addition this edition is the first to feature substantial coverage of electronic resources both databases and Internet sites Each source receives its own annotation with entries grouped in categories to bring together like works for easy comparison This work is a cornerstone reference for academic and public libraries

**Terrorism, 2002-2004** Edward F. Mickolus, Susan L. Simmons, 2006

**American Reference Books Annual** Bohdan S. Wynar, 2005 1970 issued in 2 vols v 1 General reference social sciences history economics business v 2 Fine arts humanities science and engineering

**Terrorists, Victims and Society** Andrew Silke, 2003-05-08 Terrorism is a topic which provokes extreme perceptions perceptions which spill easily into considerations of the actors behind the violence This volume offers a balanced and accessible account of the psychology of terrorists and terrorism

**Terrorism, 1992-1995** Edward F. Mickolus, Susan L. Simmons, 1997 This is the author's fifth chronology on international terrorism The volumes cover the period from 1968 through 1995 and provide the most comprehensive picture of international terrorist activities ever published As with the last four volumes this one also contains a bibliography on the key literature on the topic Terrorism in the period covered by this volume 1992 to 1995 followed many of the trends seen in the previous two decades While most people recall the spectacular events those were infrequent due in part to the security cooperation of like minded governments Most terrorist events were low level bombings with few casualties But the period saw the advent of a new type of terrorist non group Composed of small loosely organized bands of zealots with widespread contacts they have made combatting terrorism all the more difficult Given the problems of tracing groups and uncovering patterns this volume will be invaluable for scholars and researchers involved with contemporary nationalism fundamentalist groups and international terrorism

**Dimensions of Terrorism** Alan O'Day, 2004 Dimensions of Terrorism sets out to establish some of the contours of modern terrorism The articles do not provide all of the answers to what is and is not terrorism They are not necessarily of a unified vision of what constitutes terrorism but taken as a group the difficulties of determining its limits and nature are given significant illumination The authors address several major themes within terrorism its definition whether it is a distinct species of political violence or an extension of other forms of activity such as low intensity warfare differing manifestations of terrorism the question of whether it is a new form of the phenomena that has emerged since the end of the Cold War to whom the use of the technique is most likely to appeal and the character of persons who implement terror
