Motion Picture Paradise David Morton,2025-09-16 Highlighting Florida s essential often overlooked role in shaping American film and television Motion Picture Paradise is a sweeping story of filmmaking in

Florida featuring the activities of studios and filmmakers across the peninsula by looking at the many iconic films and television shows shot in the state In the early years of the American film industry Florida was a favorite location for pioneer movie makers and David Morton chronicles the state s importance to producers throughout the next 125 years Often overshadowed by the well known entertainment industries of Hollywood and New York Florida has over time had several major film production centers Morton follows the rise and fall of filmmaking destinations across the state including Jacksonville St Augustine Tampa Bay Orlando and Miami as well as pioneering underwater and location based films shot at Florida s unique natural springs He argues that conflicting policies set by Florida politicians have at various times enticed or pushed away movie and television companies a pattern that has hampered serious investment Using a wealth of source materials Morton offers a comprehensive history that demonstrates how films and television shows made in Florida have influenced the state s sense of identity drawing attention to Florida s underacknowledged role as the third coast in American film history Motion Picture Paradise adds new insights into the state s dramatic social and economic transformations during the twentieth century

Producing Precarity Curtis Marez, 2025-08-26 The hidden cost of TV production for communities of color Producing Precarity is a long overdue examination of the television industry s practice of offshoring production to impoverished sites within the US The author Curtis Marez focuses on state efforts to attract film and TV producers to poor places with tax incentives discounted public lands and subsidized infrastructures He argues that these efforts result in the redistribution of wealth from poor people of color Indigenous people and other taxpayers to Los Angeles based media makers while also diverting money that could be used for education and health care to the wealthy The popular series produced in these places such as Breaking Bad The Watchmen Lovecraft County The Walking Dead and Vida are praised by critics and awards organizations and highlighted by streaming services for challenging genre casting and narrative conventions However many of these shows rely on racialized and gendered low wage

labor for production and diversity equity and inclusion representations can sometimes perpetuate repression such as depicting police as diversity champions Producing Precarity examines how contemporary streaming shows from these areas promote racial inequality in ideology and content as well as materially through their local production methods and perceptually through streaming distribution modes that discourage viewers from understanding how TV is made Marez also provides examples of local resistance including movements against a police training center and a film studio in Atlanta as well as anti gentrification movements in Latinx neighborhoods of LA The Grizzly Bear ,1929 **Japan** ,1928 **Motion Picture Story Magazine** ,1923 **The Columns** ,1930 **The Cosmopolitan** ,1925 **Amateur Movie Makers** ,1930 Hearst's International Combined with Cosmopolitan ,1930 **New York Court of Appeals.
