Alterity Politics Jeffrey Thomas Nealon, 1998 An ethical reappraisal of postmodern and poststructuralist theory including works by Levinas Foucault Derrida Jameson Zizek and Butler

Post-Queer Politics David V. Ruffolo, 2016-04-08 In Post Queer Politics Ruffolo looks at the work of Foucault Butler Bakhtin Deleuze Guattari and others in his creative refocus on the queer heteronormative dyad that has largely consumed queer studies and contemporary politics He offers a radical and intersectional new way of thinking about class race sex gender sexuality and ability that extends beyond queer studies to be truly transdisciplinary in its focus and political implications It will appeal to readers across a range of subjects including gender and sexuality studies philosophy cultural studies political science and education

Otherness and Identity in the Gospel of John Sung Uk Lim, 2020-12-23 In this book Sung Uk Lim examines the narrative construction of identity and otherness through ongoing interactions between Jesus and the so called others as represented by the minor characters in the Gospel of John This study reconfigures the otherness of the minor characters in order to reconstruct the identity of Jesus beyond the exclusive binary of identity and otherness The recent trends in Johannine scholarship are deeply entrenched in a dialectical framework of inclusion and exclusion perpetuating positive portrayals of Jesus and negative portrayals of the minor characters Read in this light Jesus is portrayed as a superior omniscient and omnipotent character whereas minor characters are depicted as inferior uncomprehending and powerless At the root of such portrayals lies the belief that the Johannine dualistic Weltanschauung warrants such a sharp differentiation between Jesus and the minor characters Lim argues to the contrary that the multiple constructions of otherness deriving from the minor characters make Jesus identity vulnerable to a constant process of transformation Consequently John s minor characters actually challenge and destabilize Johannine hierarchical dualism within a both and framework

Conversation Pieces Grant H. Kester, 2013-04-15 Grant Kester discusses the disparate network of artists collectives united by a desire to create new forms of understanding through creative dialogue that crosses boundaries of race religion culture

Public Spaces, Private Lives Henry A. Giroux, 2003 While many of the essays in this book were written before 9 11 they point to a number of important issues such as the commercialization of public life the stepped up militarization racial profiling and the threat to basic civil liberties that have been resurrected since the terrorist attacks Public Spaces Private Lives serves to legitimate the claim that there is much in America that has not changed since 9 11 Rather than a dramatic change what we are witnessing is an intensification and acceleration of the contradictions that threatened American democracy before the tragic events of 9 11 Hence Public Spaces Private Lives offers a context for both understanding and critically engaging the combined threats posed by the increase in domestic militarization and a neoliberal ideology that substitutes market values for those democratic values that are crucial to rethinking what a vibrant democracy would look like in the aftermath of September 11th
