

# · ALTERNATIVE · THERAPIES FOR HORSES

What are the alternatives to the traditional 'six months' rest in the field?  
How can you ensure a speedy recovery without resorting to a cocktail of drugs?  
What are the natural ways to keep your horse fit and healthy?

Just as in the field of human health care, horse owners are increasingly looking for alternatives to traditional medicine in search of the best treatment for their horses. While the initial diagnosis of an illness or injury should always be carried out by a qualified veterinary surgeon, horse owners now have a number of choices when it comes to treatment.

From training methods such as hydrotherapy and treadmills used to develop peak fitness, to therapies such as acupuncture, herbalism, homoeopathy, massage and manipulation, there is a bewildering range of alternative treatments. Here, for the first time, is a book that clearly explains the options and how to choose the right treatment for your horse. Detailed case studies illustrate the practical benefits of the individual therapies, while stressing that many are intended to complement conventional treatments. The essence of the book is the holistic approach: treating the whole animal by recognizing that a healthy horse must be both mentally and physically fit.

Thoroughly researched and clearly written, *Alternative Therapies for Horses* is an essential guide to all the latest thinking in health and fitness for horses.

# Alternative Therapies For Horses

**Keith Allison, Christopher Day**

## **Alternative Therapies For Horses:**

Consumer's Guide to Alternative Therapies in the Horse David W. Ramey, 1999-10-15 This book is a discussion and exploration of what works and what doesn't based on scientific evidence. It will help you evaluate both common and alternative treatments and in so doing help your horse to live a more healthy productive life. **Alternative Therapies for Horses** Vanessa Britton, 1995 A healthy horse must be both mentally and physically fit and a holistic approach is the perfect way to achieve that goal. This fully illustrated guide explains the numerous natural health and fitness methods that are available such as hydrotherapy, herbalism, homeopathy, massage, physiotherapy, and acupuncture. *Complementary Therapies for Horse & Rider* Susan McBane, Caroline Davis, 2001 Information on alternative therapies including acupuncture, phytotherapy, herbalism, and homeopathy, therapies with benefits for horse, rider, and owner. A Guide to Alternative Therapies for Horses Keith Allison, Christopher Day, 1996 This guide explains the underlying principles of some alternative therapies for horses and how they relate to systems of medicine. It also clarifies how to identify those who may legally give advice and treatment and in what circumstance they may do so. **Horse Health and Nutrition For Dummies** Audrey Pavia, Kate Gentry-Running, 2011-02-04 Want to know the best ways to care for your horse? *Horse Health and Nutrition For Dummies* gives you up to the minute guidance on keeping horses healthy at all stages of life. It provides the latest information on equine nutrition and healthcare, explaining how your horse's body functions and how to keep it in good working order. Packed with practical advice on equine first aid and alternative therapies, this completely practical plain English guide explains exactly what to feed your four-legged hayburner and how much. You'll find out what kind of preventive care is vital to keeping your horse in good physical shape and how to recognize signs of illness when things go wrong. You'll get the lowdown on the diseases and conditions most likely to plague the domestic horse and find help in deciding whether to treat problems yourself or call the vet. Discover how to manage your horse's diet, house your horse safely and comfortably, tend to the daily details of horse care, examine coat, eyes, hooves, and manure, identify, control, and prevent equine diseases, understand links between horse behavior and health, practice good horse nutrition, grow your own horse food, cover horse health care costs, breed your horse, care for pregnant mares and newborns. A healthy horse is a happy horse. Keep your horse fit with a little help from *Horse Health and Nutrition For Dummies* and you'll be happy too. **Herbal Horse Health** Hetty Tapper, 2012-07 The main purpose of this book is to show how we can all learn to help and heal our horses. The aim is to bring healing back to where healing belongs with everybody. Understanding behaviour and communication is important as they are expressions of energy and are crucial to learning to understand others. In this book you will discover natural, gentle, and supportive therapies that work in harmony with the healing system to help restore and maintain health. Healing will occur when we work with, not against, the forces of nature that exist within the body. Animals are our teachers and very often they lead us to a path of discovery that we would not have embarked on without them in our lives. This book will help our

descendants and their horses towards a better understanding and a greater mutual respect between the species Take responsibility for your horse s health and wellbeing You will find that they not only feel and look better they will achieve much more and avoid disease and ailments caused by lifestyle and bad diets Give your horses the happy healthy and vibrant lives they deserve Topics covered include Herbs Essential Oils Essences Tissue Salts Materia Medica **Equine Welfare** C. Wayne McIlwraith, Bernard E. Rollin, 2011-02-02 A rational exploration of the ethical and welfare issues in all areas of equine use This book addresses controversial and emotive issues surrounding these iconic creatures providing a reliable source of information to support informed debate It will enable all those with an interest in horses and the uses they are put to gain an awareness of the problems and abuses that occur The book draws on the expertise of a range of acknowledged leaders in equine health and welfare The first part of the book explores general issues of the horse s needs and nature The second part contains chapters each covering a specific human use of horses and the abuses that arise as a result This book is part of the UFAW Wiley Blackwell Animal Welfare Book Series This major series of books produced in collaboration between UFAW The Universities Federation for Animal Welfare and Wiley Blackwell provides an authoritative source of information on worldwide developments current thinking and best practice in the field of animal welfare science and technology For details of all of the titles in the series see [www.wiley.com/go/ufoaw](http://www.wiley.com/go/ufoaw) Natural Healing for Cats, Dogs, Horses, and Other Animals Lisa Preston, Race Foster, 2012-02 In addition to traditional veterinary treatments a wide range of alternative approaches to are becoming more main stream Natural Healing for Cats Dogs Horses and Other Animals will help pet owners and caretakers understand their options The author provides valuable advice and shows how to select a practitioner and to determine whether more than one alternative therapy is appropriate We all want to give our pets the happiest healthiest life possible here is a book that shows the way **Equine Lore Healthy Horses Holistically** Hetty Tapper, 2012-06-26 The main purpose of this book is to show how we can all learn to help and heal our horses The aim is to bring healing back to where healing belongs with everybody Understanding behaviour and communication is important as they are expressions of energy and are crucial to learning to understand others In this book you will discover natural gentle and supportive therapies that work in harmony with the healing system to help restore and maintain health Healing will occur when we work with not against the forces of nature that exist within the body Animals are our teachers and very often they lead us on a path of discovery that we would not have embarked on without them in our lives This book will help our descendants and their horses towards a better understanding and a greater mutual respect between the species Take responsibility for your horse s health and wellbeing You will find that they will not only feel and look better they will achieve much more and avoid disease and ailments caused by lifestyle and bad diets Give your horses the happy healthy and vibrant lives they deserve Topics covered include Anatomy Horse Care Dietary Requirements Vitamins Minerals Herbs Essential Oils Essences Tissue Salts Subtle Anatomy Energy Healing Yin and Yang Five Elements Chakras Meridians Materia Medica Common Ailments **The**

**Whole Horse Catalog** Gail Rentsch, Steven D. Price, Barbara Burn, David A. Spector, 1998-12-17 A guide to owning riding and caring for a horse with information on selection apparel stabling health grooming feeding equestrian sports tack and other subjects

**Alternative & Complementary Therapies**, 2000 Complementary/alternative Therapies in Nursing Mariah Snyder, Ruth Lindquist, 1998 This book offers a systematic approach to a wide range of alternative complementary therapies that can be used by nurses independently Each of the 28 chapters describes a different therapy and follows a standard format definition review of current research description of uses and techniques precautions and a list of questions for further research Students and clinicians in all specialty areas of nursing will find this a straightforward and practical resource

**Complementary & Alternative Therapies for Nursing Practice** Karen Lee Fontaine, 2005 A clearly written book that provides an excellent introduction to alternative therapies Systematized health care practices botanical healing manual healing methods mind body techniques spiritual therapies and more For nurses and practitioners in allied health fields who seek to expand their practice to offer wider choices to consumers of health care

**Nurse's Handbook of Alternative & Complementary Therapies**, 1999 This concise practical handbook helps nurses understand and benefit from today's most notable health care trend the use of alternative approaches to enhance wellness and overcome disease It also discusses their roles in delivering various alternative methods and offers a knowledge base that is open minded yet upholds the standards of professional nursing

**Current Therapy in Equine Medicine**, 1997 **Proceedings of the New Zealand Society of Animal Production ... Annual Conference** New Zealand Society of Animal Production, New Zealand Society of Animal Production. Annual Conference, 2006

**The Horse Owner's Guide to Holistic Medicine** Sara Wyche, 1996 This authoritative guide to the principles of holistic medicine discusses the many ways in which alternative therapies may be used in the day to day care of the horse as well as treatment of specific disorders It is essential reading for all horse owners riders trainers and handlers It covers understanding the horse's senses and harnessing the energy assessment and diagnosis therapies and how they work choosing the right therapy combining conventional and alternative treatments making the most of your resources the holistic approach to everyday care and management and the healing art of riding

*The Equine Athlete*, 1994 The Complete Textbook of Animal Health and Welfare Jane Williams, 2009 The Complete Textbook of Animal Health and Welfare is a core text for students in animal care animal technology or animal science programmes and a supplementary text for related equine wildlife and veterinary courses It provides an in depth text for students at Further Education FE levels 2 and 3 and a foundation text for students studying in Higher Education Each chapter covers the subject in depth level 3 FE via diagrams images and text then summarises it at a foundation level level 2 FE to engage students of different abilities core text for students studying animal care animal technology or animal science supplementary text for related equine wildlife and veterinary courses reflects all aspects covered in the animal care curriculum highly illustrated written by author with expertise in this area with many contributions from experienced educationalists and experts to ensure

quality validity covers all species      The Gale Encyclopedia of Alternative Medicine Jacqueline L. Longe,2005 Presents a four volume alphabetically arranged medical reference set that examines a variety of supplemental therapies and herbal remedies along with treatments for certain conditions and diseases
