America In Search Of Its Soul:

America in Search of Its Soul Gibson Winter, 1996 **America in Search of Its Soul** **Reawakening America: Leadership, Vigilance, and Collaboration** Vincent J. Bove, 2018-07-13 In this timely and essential work nationally acclaimed speaker and author Vincent J Bove anthologizes his Sentinel Digest articles that examine the leadership crisis and culture of violence in America From mass shootings and police community tensions to racial discrimination and the immigration crisis Bove chronicles our country s afflictions and champions the unsung community heroes who model moral character and integrity needed in a time of apathy **Reawakening America** is an inspiring social and political commentary that speaks to the American spirit and encourages citizens to stand up to the corruption deceit violence and divisiveness that is plaguing the United States **Revitalizing America's Economically-distressed Communities Hearing** United States. Congress. House. Committee on Small Business, 1998 *American Dream, American Nightmare* Kathryn Hume, 2022-08-15 In this celebration of contemporary American fiction Kathryn Hume explores how estrangement from America has shaped the fiction of a literary generation which she calls the Generation of the Lost Dream In breaking down the divisions among standard categories of race religion ethnicity and gender Hume identifies shared core concerns values and techniques among seemingly disparate and unconnected writers including T Coraghessan Boyle Ralph Ellison Russell Banks Gloria Naylor Tim O Brien Maxine Hong Kingston Walker Percy N Scott Momaday John Updike Toni Morrison William Kennedy Julia Alvarez Thomas Pynchon Leslie Marmon Silko and Don DeLillo Hume explores fictional treatments of the slippage in the immigrant experience between America s promise and its reality She exposes the political link between contemporary stories of lost innocence and liberalism s inadequacies She also invites us to look at the literary challenge to scientific materialism in various searches for a spiritual dimension in life The expansive future promised by the American Dream has been replaced Hume finds by a sense of tarnished morality and a melancholy loss of faith in America s exceptionalism *American Dream* *American Nightmare* examines the differing critiques of America embedded in nearly a hundred novels and points to the source for recovery that appeals to many of the authors **Christian Register and Boston Observer** ,1928 *The Unitarian Register* ,1928 **America** ,1921 *Honest Patriots : Loving a Country Enough to Remember Its Misdeeds* Donald W. Shriver Jr. President of the Faculty and William E. Dodge Professor of Applied Christianity Union Theological Seminary (Emeritus), 2005-02-18 In *Honest Patriots* renowned public theologian and ethicist Donald W Shriver Jr argues that we must acknowledge and repent of the morally negative events in our nation s past The failure to do so skews the relations of many Americans to one another breeds ongoing hostility and damages the health of our society Yet our civic identity today largely rests on denials forgetfulness and inattention to the memories of neighbors whose ancestors suffered great injustices at the hands of some dominant majority Shriver contends that repentance for these injustices must find a place in our political culture Such repentance must be carefully and deliberately cultivated through the accurate teaching of history by

means of public symbols that embody both positive and negative memory and through public leadership to this end Religious people and religious organizations have an important role to play in this process Historically the Christian tradition has concentrated on the personal dimensions of forgiveness and repentance to the near total neglect of their collective aspects Recently however the idea of collective moral responsibility has gained new and public visibility Official apologies for past collective injustice have multiplied along with calls for reparations Shriver looks in detail at the examples of Germany and South Africa and their pioneering efforts to foster and express collective repentance He then turns to the historic wrongs perpetrated against African Americans and Native Americans and to recent efforts by American citizens and governmental bodies to seek public justice by remembering public injustice The call for collective repentance presents many challenges What can it mean to morally master a past whose victims are dead and whose sufferings cannot be alleviated What are the measures that lend substance to language and action expressing repentance What symbolic and tangible acts produce credible turns away from past wrongs What are the dynamics psychological social and political whereby we can safely consign an evil to the past How can public life witness to corporate crimes of the past in such a way that descendents of victims can be confident that they will never be repeated In his provocative answers to these questions Shriver creates a compelling new vision of the collective repentance and apology that must precede real progress in relations between the races in this country

[GPS for America](#) Abel Gashe, 2014-09-11 The American Union is imperfect But it is certainly motioning towards a more perfect union It is this foundational thesis in the fulfillment of the American vision that this book focuses on By affording an integrated and holistic approach the book shows that the American dynamics is transformational living phenomenon framed on four major paradigms that America is a land of freedom that America is a land of opportunity that America is impregnated with inertia within it that propels it to repair its faults and that the nation has been moving to a higher ground in its motion with a concerted effort of its people as one E pluribus Unum to build a more perfect Union A pragmatic but positive outlook on the American reality in the bountiful land by a first generation immigrant from Gojjam Ethiopia the author tries to help the reader develop a generic framework in understanding the evolving American reality since the founders took the bold step in 1776 to write an audacious proposal that all men are created equal endowed by the creator with inalienable rights The analysis in the book begins by framing the constitutional bases of the nation as a four dimensional compass Using what he terms as the American GPS he leads the reader to have a snapshot on the structure of American government citizenship church and state legal economic political and foreign policy issues to show that in fact what is manifesting in the American socio political topology is not a random act but an in built systemic transfiguration in creating the opportunity for all children of Adam to realize their God given inalienable rights being Geezans freely roaming citizens of the universe in fulfilling the vision of the nation After reading this book the reader will never waste time in random thoughts about the American ever unfolding reality By all accounts America is an emergent and noble idea whose better days are yet

to come That is the projection whose totality can be meaningfully captured through a living compass The American GPS

The Atlantic Monthly ,1923 *The American Catholic Quarterly Review* James Andrew Corcoran,Patrick John Ryan,Edmond Francis Prendergast,1884 The Living Age ,1920 Reading Hebrews and 1 Peter with the African American Great Migration Jennifer T. Kaalund,2018-11-29 Kaalund examines the constructed and contested Christian Jewish identities in Hebrews and 1 Peter through the lens of the New Negro a diasporic identity similarly constructed and contested during the Great Migration in the early 20th century Like the identity Christian the New Negro emerged in a context marked by instability creativity and the need for a sense of permanence in a hostile political environment Upon examination both identities also show complex internal diversity and debate that disrupts any simple articulation as purely resistant or accommodating to its hegemonic and oppressive environment Kaalund s investigation into the construction of the New Negro highlights this multiplicity and contends that the rhetoric of place race and gender were integral to these processes of inventing a way of being in the world that was seemingly not reliant on one s physical space Putting these issues into dialogue with 1 Peter and Hebrews allows for a reading of the formation of Christian identity as similarly engaging the rhetoric of place and race in constructive and contested ways *The Last Season* Phil Jackson,Michael Arkush,2005-10-04 An inside look at the season that proved to be the final ride of a truly great dynasty Kobe Bryant Shaq and the LA Lakers For the countless basketball fans who were spellbound by the Los Angeles Lakers 2003 2004 high wire act this book is a rare and phenomenal treat In *The Last Season* Lakers coach Phil Jackson draws on his trademark honesty and insight to tell the whole story of the season that proved to be the final ride of a truly great dynasty From the signing of future Hall of Famers Karl Malone and Gary Payton to the Kobe Bryant rape case media circus this is a riveting tale of clashing egos public feuds contract disputes and team meltdowns that only a coach and a writer of Jackson s candor experience and ability could tell Full of tremendous human drama and offering lessons on coaching and on life this is a book that no sports fan can possibly pass up
