

A historical painting depicting Christopher Columbus and his crew on a beach. Columbus, in the center, is dressed in a red and white striped tunic and a dark cape, holding a sword aloft. He is surrounded by his men, some in armor and some in simpler clothing, all holding spears and flags. To the right, a Native American man in a feathered headdress stands prominently. In the background, a large yellow flag with a red cross and a blue circle is visible. The scene is set on a sandy beach with a forest in the background and a ship on the water to the left.

**The Magazine of American History**, 1884 *Good Neighbor Diplomacy* Irwin Gellman, 2019-12-01 Originally published in 1979 American diplomacy during Franklin D Roosevelt s presidency has received much attention with one notable exception the United States relations with Latin America Irwin Gellman s book corrects this past neglect through a perceptive analysis of FDR s Good Neighbor efforts in Latin America Based on a fresh examination of State Department records and extensive manuscript sources including an unprecedented use of Nelson Rockefeller s oral history archives the book points out the complexities of Good Neighbor diplomacy and its intimate relationship to Roosevelt s global strategies As background to his discussions of FDR s policies Gellman looks first at how Latin American affairs were handled during the administrations of Harding Coolidge and Hoover the three Republicans who preceded Roosevelt in office Good Neighbor diplomacy Gellman shows was not a carryover from these administrations it bore the distinctive mark of FDR s own making He then describes how Roosevelt s policy of nonintervention worked particularly how military force was superseded by more subtle diplomatic maneuverings Turning to a discussion of economic relations with Latin America Gellman focuses on how the United States own situation cut off from international trade by the Depression encouraged regional expansion And finally he looks at how Roosevelt parlayed the threat of war in Europe and the specter of Nazi penetration in the Americas to further solidify a hemispheric stand Gellman s account vividly demonstrates that Good Neighbor diplomacy was as much the product of personality as it was of policy In particular it emerged out of the rivalries and alliances among three men Roosevelt his Secretary of State Cordell Hull and Assistant Secretary of State Sumner Welles Gellman the first to have access to FBI files on Welles characterizes FDR as an astute politician who saw an opportunity to use pan Americanism to restore America to world prominence yet could not handle the personality conflicts among those in his own ranks Gellman shows how tenuous a government policy can be when so much of it depends on personal control and influence
