## **American Churches And The Negro:**

*The Black Church in the African American Experience* C. Eric Lincoln, Lawrence H. Mamiya, 1990-11-07 Black churches in America have long been recognized as the most independent stable and dominant institutions in black communities In *The Black Church in the African American Experience* based on a ten year study is the largest nongovernmental study of urban and rural churches ever undertaken and the first major field study on the subject since the 1930s Drawing on interviews with more than 1 800 black clergy in both urban and rural settings combined with a comprehensive historical overview of seven mainline black denominations C Eric Lincoln and Lawrence H Mamiya present an analysis of the Black Church as it relates to the history of African Americans and to contemporary black culture In examining both the internal structure of the Church and the reactions of the Church to external societal changes the authors provide important insights into the Church s relationship to politics economics women youth and music Among other topics Lincoln and Mamiya discuss the attitude of the clergy toward women pastors the reaction of the Church to the civil rights movement the attempts of the Church to involve young people the impact of the black consciousness movement and Black Liberation Theology and clergy and trends that will define the Black Church well into the next century This study is complete with a comprehensive bibliography of literature on the black experience in religion Funding for the ten year survey was made possible by the Lilly Endowment and the Ford Foundation

*The Negro Church in America/The Black Church Since Frazier* E. Franklin Frazier, 1974-01-13 Frazier s study of the black church and an essay by Lincoln arguing that the civil rights movement saw the splintering of the traditional black church and the creation of new roles for religion

**The History of the Negro Church** Carter G. Woodson, 2018-09-01 Carter Woodson 1875 1950 was a prominent black leader and intellectual of the first half of the twentieth century Born in Virginia in 1875 to formerly enslaved parents he was educated at Berea College in Kentucky the University of Chicago and finally Harvard where he earned his Ph D in History Woodson championed awareness of black historical experience by teaching and initiating the first Black History Week which became the basis for the later Black History Month He was a tireless writer also who published many volumes during his life including his classic *The Mis Education of the Negro* 1933 Published in 1921 *The History of the Negro Church* traces the construction of the black church in America from colonial times through the early years of the twentieth century The book unfolds a series of biographical sketches of male church leaders through the decades and offers a broad critique of church experience Beginning with early church movements in the North and efforts to minister to slaves in the South Woodson describes the origins of religious instruction for a race that he characterizes as neglected among an unenlightened colonial population The book offers a sophisticated and roving history of the limits of black inclusion in church and state Indeed Woodson s penetrating vision of the deep themes of American history and his incisive understanding of spiritual character make for a lively passage through a long history Many of his observations about the class caste and church seem only more relevant with the passage of time A

**The Negro Church in America** E. Franklin Frazier,1964 Frazier s study of the black church and an essay by Lincoln arguing that the civil rights movement saw the splintering of the traditional black church and the creation of new roles for religion

*The History of the Negro Church* Carter Woodson,2018-02-03 The importance of the church in the life of the Negro justifies the publication of this brief account of the development of the institution For many years the various denominations have been writing treatises bearing on their own particular work but hitherto there has been no effort to study the achievements of all of these groups as parts of the same institution and to show the evolution of it from the earliest period to the present time This is the objective of this volume Whether or not the author has done this task well is a question which the public must decide This work does not represent what he desired to make it Many facts of the past could not be obtained for the reason that several denominations have failed to keep records and facts known to persons now active in the church could not be collected because of indifference or the failure to understand the motives of the author Not a few church officers and ministers however gladly cooperated with the author in giving and seeking information concerning their denominations Among these were Mr Charles H Wesley Prof J A Booker and Dr Walter H Brooks For their valuable assistance the author feels deeply grateful Carter G Woodson

[A History of the African American Church](#) Carter G. Woodson,2017-10-26 Carter G Woodson s classic text on the emergence of African American churches chronicling their story out of the eighteenth century evangelical revivals and their transformations through the nineteenth and early twentieth century is important for reasons other than black church history With the exception of recent books such as C Eric Lincoln and Lawrence H Mamiya s *The Black Church in the African American Experience* Woodson s text remains one of the best overviews of the topic But Woodson s text is also a significant account of the ways in which Christian based instruction and socialization shaped not only class divisions and vetted leadership among but also shaped who what became the Negro Colored Black African American For even the Father of Black History as Woodson is often called could not escape the spell casted by the prevailing Christian ideology of his time and in the earlier periods he investigated In fact Woodson viewed Christianity as a rather difficult religion for the undeveloped mind of the enslaved African to grasp and never questioned this Christianity or probed the African basis of rituals and ideas among the enslaved and the emancipated Instead Woodson extols the virtues of Christianity among the converted and the men who established the various churches in African descended communities including the educative

social economic and political roles played by these institutions after the U S Civil War There is little here about those who adhered to spiritual or religious practices and ideas that remained as close to Africa as possible For Woodson then the ministry was one of the highest callings and occupations to which African American male leaders could aspire and from which they accrued prominence within their communities at a time when religious instruction was the primary schooling option available These educated Negroes as Woodson called them were now armed with the Christian religion Christian names and a dream to partner in an inferior position with the dominant values and views of white society which all created sectarianism and eventually two divergent visions among African descended peoples in North America Nineteenth century converts split along class lines and urbanized elites developed a Christian distaste for their kinfolk who continued to engage in African based rituals and practices such as the ring shout By the first quarter of the nineteenth century these elites began to seek equal rights and full acceptance by whites thus the need to distance themselves from things African and despite the fact that a few church organizations kept the term African as part of their name The majority of the African based community saw racism and its insidiousness as deeply rooted in their fight for human rights while the elites viewed slavery and discrimination as obstacles which prevented their particular progress rather than a collective advancement Since Woodson writing in the first quarter of the twentieth century had access to individuals who were either enslaved or children of the enslaved his account is still therefore relevant as both a source and as a story that captures some of the foregoing processes in African and African American history

**The Burden of Black Religion** Curtis J. Evans, 2008-04-17 Religion has always been a focal element in the long and tortured history of American ideas about race In *The Burden of Black Religion* Curtis Evans traces ideas about African American religion from the antebellum period to the middle of the twentieth century This important work reveals how interpretations of black religion played a crucial role in shaping broader views of African Americans and had real consequences in their lives In the process Evans offers an intellectual and cultural history of race in a crucial period of American history

**Singing the Lord's Song in a Strange Land** William D. Watley, 1993 Although the historic black church in America has been and continues to be the central force in black life it is little known and often misunderstood Watley's informed portrait focuses on the seven so called historic black churches three Methodist three Baptist and one Pentecostal depicting their worship life international mission theological enterprise and ecumenical relationships

**White Protestantism and the Negro** David M. Reimers, 1965

*The Black Church in the African-American Experience* Charles Eric Lincoln, Lawrence H. Mamiya, 1990

[An End to this Strife](#) Demetrius K. Williams, Williams's important work argues that taking the New Testament and particularly Galatians 3:28 seriously should lead black churches to challenge sexism and racism not only in society at large but also in African American churches and denominational bodies By addressing oppressive practices in African American and other churches they remain true to the liberation principle of the Bible the equality of all people before God which has been used effectively by black churches His

argument unfolds first through looking at the biblical text especially the figure of Jesus and his ministry and how he broke the social barriers of his day It then shows how African American Christians have historically appropriated this lens and legacy in their own religious and social experience and explains how this vision pertains to the state of black women in the churches today Williams s book will help all Christian churches reappropriate the biblical text and serve as a model for how the Bible can be responsibly employed in the churches and the public arena to promote equality for all people
