Alpha Strike Vietnam Jeffrey L. Levinson, 1989 *Launch the Intruders* Carol Reardon, 2005 Carol Reardon chronicles the operations of Attack Squadron 75 the Sunday Punchers and their high risk bombing runs launched off the U S S Saratoga during the famous Linebacker campaigns Based on access to crew members and their families her book blends military and social history to offer a look at the air war in Southeast Asia **Playing to Win** David Sirlin, 2006-04-01 Winning at competitive games requires a results oriented mindset that many players are simply not willing to adopt This book walks players through the entire process how to choose a game and learn basic proficiency how to break through the mental barriers that hold most players back and how to handle the issues that top players face It also includes a complete analysis of Sun Tzu s book *The Art of War* and its applications to games of today These foundational concepts apply to virtually all competitive games and even have some application to real life Trade paperback 142 pages **Dixie Digest** , 1991

Bloody Sixteen Peter Fey, 2018-05 Strategy and reality collide in Peter Fey s gripping history of aircraft carrier USS Oriskany s three deployments to Vietnam with Carrier Air Wing 16 CVW 16 Its tours coincided with the most dangerous phases of Operation Rolling Thunder the ill fated bombing campaign against North Vietnam and accounted for a quarter of all the naval aircraft lost during Rolling Thunder the highest loss rate of any carrier air wing during Vietnam The Johnson administration s policy of gradually applied force meant that Oriskany arrived on station just as previous restrictions were lifted and bombing raids increased As a result CVW 16 pilots paid a heavy price as they ventured into areas previously designated off limits by Washington DC Named after one of the bloodiest battles of the Revolutionary War the Oriskany lived up to its name After two years of suffering heavy losses the ship caught fire a devastating blow given the limited number of carriers deployed With only three months allotted for repairs Oriskany deployed a third and final time and ultimately lost more than half of its aircraft and more than a third of its pilots The valor and battle accomplishments displayed by Oriskany s aviators are legendary but the story of their service has been lost in the disastrous fray of the war itself Fey portrays the Oriskany and its heroes in an indelible memorial to the fallen of CVW 16 in hopes that the lessons learned from such strategic disasters are not forgotten in today s sphere of war bent politics *Operation Linebacker I* 1972 Marshall Michel III, 2019-01-24 Arguably the first modern air campaign this is the story of Linebacker I which brought laser guided bombs electronic warfare and anti radar missiles to bear on North Vietnam s invading army *Listening to Ghosts* Bob Stockton, 2016-06-17 *Listening To Ghosts* Second Edition is an accounting of Bob Stockton s reminiscences while coming of age in a Northeastern blue collar neighborhood his subsequent escape to the United States Navy and his twenty year career as an enlisted man in the Cold War and Vietnam era Written in the first person Bob Chronicles the many adventures and misadventures of his Navy career in frank candid and politically incorrect language This second edition written by the author of the first edition features new illustrations streamlined chapters and previously unpublished content **Alpha Strike**
