

• Ama tu ritmo..., Rubén Darío • Poemario •

Ama tu ritmo y ritma tus acciones  
Bajo su ley, así como tus versos  
Eres un universo de universos  
Y tu alma una fuente de canciones.

La celeste unidad que presupones  
Hará brotar en ti mundos diversos,  
Y al resonar tus números dispersos  
Pitagoriza en tus constelaciones.

Escucha la retórica divina  
Del pájaro del aire' y la nocturna  
Irrradiación geométrica adivina;

Mata la indificencia taciturna  
Y engarza perla y perla cristalina  
En donde la verdad vuelca su urna.

*Beyond the Glitter* Rosemary C. LoDato, 1999 The influence of the plastic arts especially painting and sculpture upon the Hispanic literary movement known as Modernismo is well documented Although numerous studies have referred to gems *Beyond the Glitter* focuses upon the significance of gems and jewels in elaborating Modernismo's complex aesthetics The role of gems and jewelry is discussed in the poetics of three prominent Modernista writers Ruben Dario Ramon del Valle Inclin and Jose Asuncion Silva The conclusion underscores how the rich and varied symbolism associated with jewelry and precious gems enriched the poetics of Modernista writers because it enabled them to articulate their quest for ideal beauty expressive of a sublime state of mind and spirit

*Selected Writings* Ruben Dario, 2005-12-06 Born in Nicaragua Ruben Dario is known as the consummate leader of the Modernista movement an esthetic trend that swept the Americas from Mexico to Argentina at the end of the nineteenth century Seeking a language and a style that would distinguish the newly emergent nations from the old imperial power of Spain Dario's writing offered a refreshingly new vision of the world an artistic sensibility at once cosmopolitan and connected to the rhythms of nature The first part of this collection presents Dario's most significant poems in a bilingual format and organized thematically in the way Dario himself envisioned them The second part is devoted to Dario's prose including short stories fables profiles travel writing reportage opinion pieces and letters A sweeping biographical introduction by distinguished critic Ilan Stavans places Dario in historical and artistic context not only in Latin America but in world literature For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

Rubén Darío and the Romantic Search for Unity Cathy L. Jade, 2014-07-03 Modernism was the major Spanish American literary movement of the late nineteenth and early twentieth centuries Leader of that influential movement was

Rubén Darío the Nicaraguan now recognized as one of the most important Hispanic poets of all time Like the Romantics in England and the Symbolists on the Continent Darío and other Modernists were strongly influenced by occultist thought But as the poet Octavio Paz has written academic criticism has preferred to close its eyes to the stream of occultism that runs throughout Darío's work This silence damages our comprehension of his poetry Cathy Logan Jade's groundbreaking study corrects this critical oversight Her work clearly demonstrates that esoteric tradition is central to Modernism and that an understanding of this centrality clarifies both the nature of the movement and its relationship to earlier European literature After placing Modernism in a broad historical and literary perspective Jade examines the impact of esoteric beliefs upon Darío's view of the world and the role of poetry in it Through detailed and insightful analyses of key poems she explores the poet's quest for solutions to the nineteenth century crisis of belief The movement that Rubén Darío headed brought Hispanic poetry into the mainstream of the modern tradition with its sense of fragmentation and alienation and its hope for integration and reconciliation with nature Rubén Darío and the Romantic Search for Unity enriches our understanding of that movement and the work of its leading poet

**Rediscovering Rubén Darío through Translation** Carlos F. Grigsby, 2024-06-13 A long overdue examination of Rubén Darío's multilingual work and influences alongside the contexts and politics of canonization in world literature Rediscovering Rubén Darío through Translation addresses the peculiar obscurity of Darío by asking these questions How can one of the most important writers of a major world language be almost entirely unknown in the English speaking world How is it that other writers of the same language e.g. Lorca or García Márquez achieve widespread recognition in the anglophone world while he remains unnoticed What role does translation play in this What can it tell us about the way in which world literature is articulated Carlos F. Grigsby approaches Darío's oeuvre through translation In doing so he explores not only the place of Darío in the translation of Spanish American literature into English but also the place of translation in Darío's own writing The result is a double sided painting as it were the recto is titled Translation in Darío and the verso Darío in Translation This book challenges the field of world literature by revealing some of the biases present in its representation of Spanish American literature It adopts a multilingual framework chiefly using English Spanish French and to a lesser degree Latin and Catalan in analyzing Darío's writing alongside that of his contemporaries As a result it reveals the multilingualism of Darío's own writing opening new avenues for the study of his work and of Spanish American modernismo more generally

**Azul... / Cantos de vida y esperanza** Rubén Darío, 2014-02-18 Yo soy aquel que ayer no más decía el verso azul y la canción profana en cuya noche un ruiseñor había que era alondra de luz por la mañana He aquí resumido todo Rubén Fue Azul en 1888 un grito revolucionario con el que Rubén Darío inauguró el Modernismo Es una obra dijo él mismo que contiene la flor de la juventud que exterioriza la interna poesía de las primeras ilusiones y que está impregnada de amor En efecto Azul no sólo proclama una concepción del arte y de la vida sino que además la hace palabra Y está y su ritmo y armonía se convierten en revelación de un mundo superior regido por la música
