The Ambitious Step-mother N. Rowe,1725 **The Ambitious Stepmother** Nicholas Rowe,1781 The Ambitious Step-mother Nicholas Rowe,1702 **The Ambitious Stepmother** L. Stahl,1909 **Nicholas Rowe - The Ambitious Step-Mother** Nicholas Rowe,2019-06-06 Nicholas Rowe was born in Little Barford Bedfordshire England on June 20th 1674 He was educated at Highgate School and then at Westminster School under the tutelage of Dr Busby In 1688 Rowe became a King s Scholar and then in 1691 gained entrance into Middle Temple This was his father s decision he was a barrister who felt that his son had made sufficient progress to study law While at Middle Temple he decided that studying law was easier if seen as a system of rational government and impartial justice and not as a series of precedents or collection of positive

precepts On his father's death when he was nineteen he became the master of a large estate and an independent fortune His future path now was to ignore law and write poetry with a view to eventually writing plays The Ambitious Stepmother Rowe's first play produced in 1700 at Lincoln's Inn Fields by Thomas Betterton and set in Persepolis was well received This was followed in 1701 by Tamerlane In this play the conqueror Timur represented William III and Louis XIV is denounced as Bajazet It was for many years regularly acted on the anniversary of William's landing at Torbay In 1704 he tried his hand at comedy with The Biter at Lincoln's Inn Fields The play is said to have amused no one except the author and Rowe returned to tragedy in Ulysses 1706 For Johnson this play was to share the fate of many such plays based on mythological heroes as We have been too early acquainted with the poetical heroes to expect any pleasure from their revival The Royal Convert 1707 dealt with the persecutions endured by Aribert son of Hengist and the Christian maiden Ethelinda The story was set in England in an obscure and barbarous age Rodogune was a tragic character of high spirit and violent passions yet with a wicked with a soul that would have been heroic if it had been virtuous Rowe is however well known for his work on Shakespeare's plays He published the first 18th century edition of Shakespeare in six volumes in 1709 His practical knowledge of the stage helped him divide the plays into scenes and acts with entrances and exits of the players noted The spelling of names was normalized and each play prefixed with a dramatis personae This 1709 edition was also the first to be illustrated a frontispiece engraving being provided for each play Unfortunately Rowe based his text on the discredited Fourth Folio a failing which many succeeding him also followed Rowe also wrote a short biography of William Shakespeare entitled Some Account of the Life of Mr William Shakespeare In Dublin in 1712 a revival of his earlier play Tamerlane at a time when political passions were running high the performance provoked a serious riot The Tragedy of Jane Shore played at Drury Lane with Mrs Oldfield in the title role in 1714 It ran for nineteen nights and kept the stage longer than any other of Rowe's works In the play which consists chiefly of domestic scenes and private distress the wife is forgiven because she repents and the husband is honoured because he forgives Whilst his plays met with little success at the time his poems were received extremely well Although he was not prolific nor his output large the quality was high With the accession to the throne of George I he was made a surveyor of customs and then in 1715 he succeeded Nahum Tate as poet laureate It was the high point of his artistic life He was also appointed clerk of the council to the Prince of Wales and in 1718 was nominated by Lord Chancellor Parker as clerk of the presentations in Chancery Nicholas Rowe died on December 6th 1718 and was buried in Westminster Abbey Rowe married first a daughter of a Mr Parsons and left a son John By his second wife Anne ne Devenish he had a daughter Charlotte
