

PHILOSOPHY

Here is a candid, unbuttoned Foucault who praises rock 'n' roll as a cultural catalyst, who admits how boring it is to write some of his books, who sounds off on everything from France's social security system (he hates it) to Khomeini's fundamentalist revolution (he glorifies it as a manifestation of Iran's collective will)."
Publishers Weekly

Politics, Philosophy, Culture contains a rich selection of interviews and other writings by the late Michel Foucault. Drawing upon his revolutionary concept of power as well as his critique of the institutions that organize social life, Foucault discusses literature, music, and the power of art while also examining concrete issues such as the Left in contemporary France, the social security system, the penal system, homosexuality, madness, and the Iranian Revolution. Foucault reflects critically on the crucial changes in his philosophical, political and cultural perspectives, ultimately revealing himself to be an unpretentious intellectual in search of "politics as ethics."

Lawrence D. Kritzman is Professor of French and Comparative Literature at Dartmouth College. His most recent book is *The Rhetoric of Sexuality* (1990).
