New Outlook, 1930 Doctrinal Treatises and Introductions to Different Portions of the Holy Scriptures William Tyndale, 2005-04-25 The Parker Society was the London based Anglican society that printed in fifty four volumes the works of the leading English Reformers of the sixteenth century It was formed in 1840 and disbanded in 1855 when its work was completed Named after Matthew Parker the first Elizabethan Archbishop of Canterbury who was known as a great collector of books the stimulus for the foundation of the society was provided by the Tractarian movement led by John Henry Newman and Edward B Pusey Some members of this movement spoke disparagingly of the English Reformation and so some members of the Church of England felt the need to make available in an attractive form the works of the leaders of that Reformation

Philippians Paul A. Holloway, 2017-11-01 Paul s letter to the Philippians offers treasures to the reader and historical and theological puzzles as well Paul A Holloway treats the letter as a literary unity and a letter of consolation according to Greek and Roman understandings of that genre written probably in Rome and thus the latest of Paul s letters to come down to us

Adapting the methodology of what he calls a new history of religions perspective Holloway attends carefully to the religious topoi of Philippians especially the metamorphic myth in chapter 2 and draws significant conclusions about Paul's personalism and mysticism With succinct and judicious treatments of pertinent exegetical and theological issues throughout Holloway draws richly on Jewish Greek and Roman comparative material to present a complex understanding of the apostle as a Hellenized and Romanized Jew
