**Calvin: Commentaries** Jean Calvin,1958-01-01 Extracts from Calvin s commentaries topically arranged Calvin's Complete Commentary on the Bible Calvin, John, All 46 of the original volumes are included in this one volume There are two linked indexes in this volume a main index at the front of this volume that will take you to the beginning each of the books of the bible and another index at the beginning of each book there is a linked scripture index leading to the particular subject John Calvin is considered as the first truly great scholar of the Reformation Indeed he has even been seen by some to be one of history s greatest Christian biblical scholars He had an incredible command of the Bible and his interpretations were not based on just one or two passages He combined pastoral insight with solid exegesis to form a strong interpretation of the scriptures However some of his views on the prophetic interpretation such as in the book of Daniel are controversial He put forth a purist view and believed that the prophecies in the book of Daniel applied solely to the history between the time of the prophet Daniel 530 BC and Jesus first coming 30 AD Nevertheless John Calvin was a force to be reckoned with and is considered to have a unique insight which enabled him to find the true meaning of the Bible Dutch theologian Jacobus Arminius after whom the anti Calvinistic movement Arminianism was named states that Next to the study of the Scriptures which I earnestly inculcate I exhort my pupils to peruse Calvin s Commentaries which I extol in loftier terms than Helmich himself a Dutch divine 1551 1608 for I affirm that he excels beyond comparison in the interpretation of Scripture and that his commentaries ought to be more highly valued than all that is handed down to us by the library of the fathers so that I acknowledge him to have possessed above most others or rather above all other men what may be called an eminent spirit of prophecy His Institutes ought to be studied after the Heidelberg Catechism as containing a fuller explanation but with discrimination like the writings of all men During his life Calvin produced commentaries on 48 books of the Bible a total of 45 published volumes He intended to put out a complete commentary of the Bible but his death prevented this The books of Judges Ruth 1 2 Samuel 1 2 Kings 1 2 Chronicles Ezra Nehemiah Esther Job Proverbs Ecclesiastes Song of Solomon 2 3 John and Revelation were unfortunately not completed He did however write a two volume commentary of the Harmony of the Gospels Matthew Mark and Luke as well as a separate commentary for the gospel of John Likewise he also wrote a two volume series on the Harmony of the Law Exodus Leviticus Numbers and Deuteronomy Calvin s own exegesis of the original text allowed him to bring out a unique and pleasing interpretation He begins each section of scripture with his own translation of the text and then further expounds upon it point by point making it an excellent resource for ministers and teachers alike After more than 400 years Calvin s commentaries are still a relevant and essential tool for Christians

The Harmony Of The Gospels Vol. 1 John Calvin,2012 This is the extended and annotated edition including an extensive biographical annotation about the author and his life Calvin produced commentaries on most of the books of the Bible His commentaries cover the larger part of the Old Testament and all of the new excepting Second and Third John and the Apocalypse His commentaries and lectures stand in the front rank of Biblical interpretation Our Author has exerted a powerful influence on all succeeding expositors They have found their interest in listening to his instructions and have been more deeply indebted to him than is generally known Many valuable interpretations of passages of Scripture appeared for the first time in his writings and have ever since been warmly approved In other cases the views which had been previously held are placed by him in so strong a light as to remove every doubt and satisfy the most cautious inquiry And yet the stores from which so much has been drawn are far from being exhausted nor is their value greatly lowered by improvements which have been subsequently made The department of History presents an analogous case Documents which had been overlooked are carefully examined Conflicting evidence is more accurately weighed Important transactions assume a new aspect or at least are altered in their subordinate details Still there are historians in whose narrative the great lines of truth are so powerfully drawn that the feebler though more exact delineations of other men cannot supply their place In the chief moral requisite for such a work Calvin is excelled by none He is an honest interpreter No consideration would have induced him to wrest the words of Scripture from their plain meaning Those who may question his conclusions cannot trace them to an unworthy motive Timid theologians will be occasionally startled by his expositions Though they may not absolutely impeach the soundness of his doctrine they will tremble for the fate of some favorite theory or ingenious argument With such minds he has no sympathy He examines the Scriptures with the humility of one who inquires at the oracle of God 2 Samuel 16 23 and proclaims the reply with the faith of one who knows that the word of the Lord is tried Psalm 18 30

**John Calvin's Commentaries On The Gospel Of John Vol. 1** John Calvin,2012 This is the extended and annotated edition including an extensive biographical annotation about the author and his life Calvin produced commentaries on most of the books of the Bible His commentaries cover the larger part of the Old Testament and all of the new excepting Second and Third John and the Apocalypse His commentaries and lectures stand in the front rank of Biblical interpretation Commentaries On The Gospel Of John are numerous and some of them are written with great learning and ability Rarely has a separate and extended interpretation been given to any of the other three Gospels which are indeed so closely interwoven with each other that it is scarcely possible to expound one of them in a satisfactory manner without bringing the whole into one view comparing parallel passages accounting for apparent contradictions and supplying the omissions of each narrative to such an extent as to produce what shall be in substance though not always in form a HARMONY OF THE THREE EVANGELISTS The present Work brings under review some of the most intricate questions in theology and in handling them he is not more careful to learn all that has been revealed than to avoid unauthorized speculation They who know the difficulty of the path will the more

highly appreciate so skillful a guide who advances with a firm step points out the bypaths which have misled the unwary conducts us to scenes which we had not previously explored and aids us in listening to a Divine voice which says This is the way walk ye in it This edition contains the commentaries on John 1 11 *Calvin's New Testament Commentaries* ,1993-01-01 Parker expounds upon Calvin s principles of interpretation taking into consideration early 16th century hermeneutics and giving special emphasis to the reformers Melanchthon Bucer and Bullinger Extensive bibliographies of Calvin s commentaries are included as well as relevant Greek and Latin Bibles and classical patristic medieval and renaissance works Calvin's Old Testament Commentaries Thomas Henry Louis Parker,1993-01-01 Calvin has always been regarded as one of the greatest biblical commentators in the history of the church This complete study of his Old Testament expositions includes both written commentaries and lectures transcribed verbatim Full of insights and exacting details as well as being eminently readable Calvin Theological Journal *Calvin* Joseph Haroutunian,Louise Pettibone-Smith,1960

"Jack" Walchenbach, 2010-06-01 The year 2009 brought with it the 500th anniversary of the birth of John Calvin a global celebration With this commemorative event came a new and renewed appreciation for the life and thought of the French Reformer and his profound impact on the world Scholars universally have acknowledged that while The Theologian of Geneva is mostly appreciated for his Institutes of the Christian Religion it is Calvin as a biblical commentator that needs to be taken with revised interest When Calvin first set out to write a commentary on virtually every book of the Bible he was drawn to the exegetical work of the great Greek Patriarch of the fourth century John Chrysostom

because of his straightforward non allegorical approach to the genuine simple sense of the text It was also the method of Chrysostom to which Calvin was attracted a continuous exposition that explains each verse Calvin in his life long work to produce commentaries on sacred Scripture sought to emulate the approach and method of the amazing early church theologian John Chrysostom This book celebrates Calvin as Biblical commentator and what he saw in the literary work of the Greek Father that was so influential on Calvin s immense contribution to our understanding the Bible **The Cambridge Companion to John Calvin** Donald K. McKim, 2004-06-17 Dr Donald K McKim gathers together an international array of major Calvin scholars to consider phases of Calvin s theological thought and influence Here historians and theologians meet to present a full picture of Calvin s contexts the major themes in Calvin s writings and the ways in which his thought spread and has increasing importance today The chapters serve as guides to their topics and provide further readings for additional study This is an accessible introduction to the significant Protestant reformer and will appeal to the specialist and non specialist alike
