ultimately not that we must abolish FYC but that we must go beyond even genre theory in reconceiving it Accordingly Beaufort would argue that the FYC course should abandon its hope to teach a sort of general academic discourse and instead should systematically teach strategies of responding to contextual elements that impinge on the writing situation Her data urge attention to issues of learning transfer and to developmentally sound linkages in writing instruction within and across disciplines Beaufort advocates special attention to discourse community theory for its power to help students perceive and understand the context of writing Call to Write, Brief Edition, The, Books a la Carte Edition John Trimbur,2006-01-17

Cooper,2019-02-15

Writing begins with unconscious feelings of something that insistently demands to be responded to acted upon or elaborated into a new entity Writers make things that matter treaties new species software and letters to the editor as they interact with other humans of all kinds As they write they also continually remake themselves In *The Animal Who Writes* Cooper considers writing as a social practice and as an embodied behavior that is particularly important to human animals The author argues that writing is an act of composing enmeshed in nature cultures and is homologous with technology as a mode of making

*Insurrections* Andrea Greenbaum,2001-02-22 Explores theoretical and pedagogical approaches to resistance showing how this concept plays out in the college writing classroom

Pluralizing Plagiarism Rebecca Moore Howard,Amy E. Robillard,2008 The recent cases of Doris Kearns Goodwin and Kaavya Viswanathan demonstrate that plagiarism is a hot button issue It is also

pervasive occurring in universities four year colleges community colleges and secondary schools In graduate programs international classrooms and multicultural classrooms In writing centers and writing across the curriculum programs In scholarly publications and the popular media How do we understand a literacy practice that is simultaneously so abhorred and so present in the lives of both beginning and advanced writers students and Pulitzer Prize winners Pluralizing Plagiarism offers multiple answers to this question answers that insist on taking into account the rhetorical situations in which plagiarism occurs While most scholarly publications on plagiarism mirror mass media s attempts to reduce the issue to simple black and white statements the contributors to Pluralizing Plagiarism recognize that it takes place not in universalized realms of good and bad but in specific contexts in which students cultural backgrounds often play a role Teachers concerned about plagiarism can best address the issue in the classroom especially the first year composition classroom as part of writing pedagogy and not just as a matter for punishment and prohibition Pluralizing Plagiarism opens a productive dialogue about what is at stake in plagiarism one that approaches the topic with students rather than for or about them Leading the way toward curricular reform its contributors take student work seriously and therefore encourage teachers to take student writing and learning seriously **JAC** ,2005 **Books in Print Supplement** ,2002
