Callum Innes:

Callum Innes Callum Innes, 2006 Innes's paintings are rhythmically meditative the result of a process that involves the repeated removal as well as application of paint. Calm and authoritative they nevertheless bear the traces of the controlled chaos of their production of the creative and destructive interaction of paint and turpentine. With authoritative texts and extensive illustrations this publication brings together the major themes and preoccupations of Innes's practice over the last fifteen years. Paintings from his earliest Cento series Quotations Agitated Verticals Isolated Forms Repetitions Formed Paintings Identified Forms Monologues Resonances and Shellac Paintings join a substantial body of Exposed Paintings from the earliest to the most recent and explore the development of the artist's visual language. Unlike most of his contemporaries he rejected figuration creating powerful abstract canvases which have won him wide acclaim Callum Innes Briony Fer, Carter E. Foster, Fiona Bradley, Colm Tóibín, 2016 His large format paintings always wish to be more than just square surfaces. Although the Scottish painter Callum Innes 1962 in Edinburgh has devoted himself and his inimitable brushwork mainly to this clearly delimited format since the 1990s his Minimalist paintings primarily deal with the thorough exploration of painting. After painting a bar of color he immerses his brush in turpentine and proceeds to remove what's there. This is often followed by yet another coat and finally another removal. Innes has steadily created poetic paintings using different color combinations and intensities as well as different materials canvas watercolor paper and masonry. Photographs of installations and fascinating details allow readers to sense the effects of Innes's art in a wonderful way. What at first seems to be merely abstract ultimately reveals gorgeous hypnotic depth. Exhibition De Pont Museum Tilburg 5 10 2016 26 2 2017 **Callum Innes**, **CALLUM INNES - TONDOS.** CALLUM. Clarke, 2021-02-08 Callum Innes b 1962 is a Turner Prize nominee and one of the most significant abstract painters of his generation a pure land features 50 new watercolors which Innes completed in his Oslo studio during lockdown in 2020. Introduced with a poem by Thomas A. Clark b 1944 a pure land from which the book takes its inspiration and its title. The book is published to coincide with an exhibition at OSL Contemporary in Oslo in February 2021 and then i8 Gallery in Reykjavik in April 2021. Callum Innes is one of the few artists working in abstraction to include watercolour as a major part of his practice. As with many painters his explorations in this medium form a parallel body of

work an activity taken on as a kind of break from his other painting with different circumstances conditions and intentions Innes has been making watercolours for more than 25 years He began to explore the medium when he was asked to do a show at the Kunsthaus in Zurich He says I blithely said yes to an exhibition without ever having made a watercolour before It caused a lot of stress at the time but I gradually developed a way of working with paper and pigment I am still making watercolours although they have changed over the years and now I realise that they inform the oil paintings more and more When you place two pigments together either opposite or complementary and then dissolve them in water you achieve a completely new colour which only reveals itself on the paper I am often surprised and disappointed in the same hour It has been a couple of years since I last spent time with watercolours When lockdown occurred in March 2020 I was setting up a new studio overlooking a fjord in Oslo It was unfamiliar and I had no reference to earlier works as I do in Edinburgh I started to work on a new watercolour series focusing on them for a week at a time always starting the day with a black and white one just to get my hand in the black and white ones are the most elusive This new body of 50 watercolours feels stronger and more luminous than previous ones I have kept them sequential in the book to show how each work informs the next and so on
