## **Distrust And Democracy:**

*Democracy and Distrust* John Hart Ely, 1980 Until now legal experts have proposed two basic approaches to the Constitution The first interpretivism maintains that we should stick as closely as possible to what is explicit in the document itself The second predominant in recent academic theorizing argues that the courts should be guided by what they see as the fundamental values of American society Mr Ely demonstrates that both of these approaches are inherently incomplete and inadequate from publisher description *Distrust and Democracy* Vivien Hart, 1978-07-20 Originally published in 1978 this book argues that the nature of political distrust is misunderstood *Distrust and Democracy* Vivien Mary Hart, 1976

**Distrust and Democracy**, 1991 **The City Club Bulletin** City Club of Chicago, 1921 Consists of addresses and discussions before the Club *Scribner's Monthly, an Illustrated Magazine for the People*, 1917 *The Century* Josiah Gilbert Holland, Richard Watson Gilder, 1917 *Counter-Democracy* Pierre Rosanvallon, Arthur Goldhammer, 2008-11-20 Democracy is established as a generally uncontested ideal while regimes inspired by this form of government fall under constant criticism Hence the steady erosion of confidence in representatives that has become one of the major political issues of our time Amidst these challenges the paradox remains that while citizens are less likely to make the trip to the ballot box the world is far from entering a phase of general political apathy Demonstrations and activism abound in the streets in cities across the globe and on the internet Pierre Rosanvallon analyses the mechanisms used to register a citizen s expression of confidence or distrust and then focuses on the role that distrust plays in democracy from both a historical and theoretical perspective This radical shift in perspective uncovers a series of practices surveillance prevention and judgement through which society corrects and exerts pressure *Trust, distrust and the paradox of democracy* Piotr Sztompka, Wissenschaftszentrum Berlin für Sozialforschung. Forschungsschwerpunkt Internationale Politik, 1997

**Century Illustrated Monthly Magazine ...**, 1917 *Democracy and Distrust*, 2010 **Trust in the Capacities of the People, Distrust in Elites** Kenneth Good, 2016-09-09 Democratization is a sociopolitical process and the society that may grow out of it where people make decisions on matters affecting them It is an unending struggle to win such rights and power to hold and to extend them The contending classes are essentially the poor and weak majority of the people and the elite of wealth status and power This book begins with the study of politics in democratic Athens 508 322 BCE and how it revolved around the divisions between an uneducated poor majority of citizens and a small wealthy elite All citizens were deemed equally capable of holding political office and life in democratic Athens was itself an education through the wide political experience a citizen necessarily acquired The second study is of Britain s centuries long and profoundly incomplete democratization polarizing usually the urban poor unequally against the Grandees the oligarchy and subsequent elites A third exemplifier is South Africa beginning in the 1970s 80s when two big processes were going on simultaneously an external armed struggle led by the African National Congress ANC and a path breaking domestic democratization represented by the

United Democratic Front and the trade unions The democratization that emerges here is a matter of aspiration and impulse by determined men and women which fail more often than they succeed yet appear again in other times and places Two main models of democracy are in contention A representative form revolving around free elections in which competing elites get themselves elected utilizing their wealth and celebrity The liberal form achieved preeminence in Britain and the United States over some 150 years but is now under serious threat from its own dysfunctions and the alienation of its citizens from its institutions and their elitist self serving values And there is the participatory model now being approached again since the mid 1970s in many places from Portugal Poland and Czechoslovakia to South Africa Tunisia Egypt and Iceland Many such impulses will fail but they offer hope and on the record immense satisfaction to their participants

**Democracy and Distrust** ,1982 Political Mistrust and the Discrediting of Politicians ,2005-09-01 This book prepared under the auspices of the ISA research committee on Comparative Sociology focuses on a worldwide phenomenon political mistrust observable in almost all countries in both established democracies and in authoritarian regimes But ubiquity does not signify uniformity The diversity of political regimes generates a multiplicity of forms and intensities of mistrust Political mistrust seems inherent even in advanced democracies and in semi democracies where citizens are better prepared and more prone to criticize the dysfunctions of institutions and condemn the misconduct of politicians Political mistrust is greatly nourished in many countries by a wide practice of public corruption Of particular sociological interest is the vulnerability of political elites and of their frequent condemnation to civil death

**Trust and Democratic Transition in Post-Communist Europe** Ivana Markova,2004-09-09 These ten essays are concerned with theoretical and empirical analyses of trust and distrust in post Communist Europe after the collapse of the Soviet bloc in 1989 Differences between meanings of trust in countries with democratic traditions and in post totalitarian countries raise questions about the ways in which history culture and social psychology shape the nature and development of political phenomena The authors show that while political and economic changes can have rapid effects cultural and psychological changes may linger behind and influence the quality of political trust and representations of democracy
