Spirit of the Arts Steven Félix-Jäger,2017-11-01 A contribution to the field of theological aesthetics this book explores the arts in and around the Pentecostal and charismatic renewal movements It proposes a pneumatological model for creativity and the arts and discusses different art forms from the perspective of that model Pentecostals and other charismatic Christians have not sufficiently worked out matters of aesthetics or teased out the great religious possibilities of engaging with the arts With the flourishing of Pentecostal culture comes the potential for an equally flourishing artistic life As this book demonstrates renewal movements have participated in the arts but have not systematized their findings in ways that express their theological commitments until now The book examines how to approach art in ways that are communal dialogical and theologically cultivating

Footsteps of the Divine Dance Marianne E. Brandt,2014-07-02 You have turned my mourning into joyful dancing Oh Lord my God I will give you thanks forever Mine is a simple story by a regular person finding the Lord s Presence in the circumstances of everyday life The stories in this book may be simple but what I hope you will see is that you too can have a beautiful story of meeting Jesus in the everyday simplicity of your life Many of us read stories of how someone finally meets Jesus after they have pressed on through drugs alcohol physical abuse and other extreme hardships They are beautiful and inspiring However I believe most people have regular lives like myself It can happen in your life if it hasn t already What I was given along this amazing bittersweet journey through it s somewhat gentle ups and downs is more precious than any amount of wealth power or material gifts in the world God s lead is always perfect provided we give up our control Why not dance in the arms of Jesus

Freedom, Necessity, and the Knowledge of God Paul D. Molnar,2021-12-30 Paul D Molnar discusses issues related to the concepts of freedom and necessity in trinitarian doctrine He considers the implications of non conceptual knowledge of God by comparing the approaches of Karl Rahner and T F Torrance He also reconsiders T F Torrance s new natural theology and illustrates why Christology must be central when discussing liberation theology Further he explores Catholic and Protestant relations by comparing the views of Elizabeth Johnson Walter Kasper and Karl Barth as well as relations among Christians Jews and Muslims by considering whether it is appropriate to claim that all three religions should be understood to be united under the concept of monotheism Finally he probes the controversial issues of how to name God in a way that underscores the full equality of women and men and how to understand universalism by placing Torrance and David Bentley Hart into conversation on that subject
