

Jane D. Chaplin: *Livy's Exemplary History*. Oxford/New York: Oxford UP 2000. XII, 245 S. 40 £ (70 \$).

Jane D. Chaplin begins, as is usual in Livian scholarship,¹ by examining the programmatic section 10 of Livy's Preface where Livy invites his readers to seek *exempla* in his narrative, i.e. to look for models of behaviour from the past, worthy for imitation or avoidance. Students of Livy have done a great deal on the earlier part of Livy's message – that history is the storehouse of moral lessons –, but ,

¹ Recently M. K. Jaeger, *Livy's Written Rome*, Ann Arbor 1997, and A. M. Feldherr, *Spectacle and Society in Livy's History*, Berkeley 1998. Chaplin's book is based on her 1993 Princeton doctoral thesis. The main tenets of her thesis, therefore, have long been available to Livy researchers, e.g. S. P. Oakley in his *Comm. on Books VI–X* (1997), refers to her several times. On the other hand, Chaplin follows closely Feldherr for instance in her definition of Livy's audiences (see p. 51). The new studies have been much encouraged by J. Luce's articles and books on Livy and on the reconstruction of the republican past in the Augustan Rome (see Ch. 6).

C. notes (p. 2), they have overlooked the second part of Livy's claim – that people can model their actions according to what they have learned from the past. Thus the purpose of her thesis is to investigate just how Livy illustrates the usefulness of *exempla*, to examine the ways in which they are received, interpreted and acted on by various audiences within Livy's text. The approach is in fact innovative. Given that the Romans were so fond of *exempla* (on their place in the aristocratic education, pp. 11–16) and given also that the Roman historian's main goal was the visualisation of the past (pp. 16–29), *omnis te exempli documenta in industri posita monumento tueri*, as Livy says, what happens – C. asks – if we study the ways in which Livy shows people choosing and using *exempla* from the past? This is certainly motivated by the fact that Livy constantly describes people interpreting and using historical knowledge. The first and immediate result is, C. claims, that a much wider range of material becomes available for exemplary analysis (pp. 2–3 and 30).

C. lists in the Appendix the items that are cited as *exempla* (pp. 203–214). The list includes people, events, and procedures referred to for imitation or avoidance in the surviving books of Livy. In the list there are about 260 items and over 1000 references which of course as such show the importance of the *exempla* in Livy's History. On the other hand, as noted also by C., the very compiling of the list involves a lot of interpretation and, as a
