

In this short answer assignment, you will analyze a creative work (literary or visual). It can be the same one you used for your discussion, or you may select a new one. You can select one on your own or use one included in the module guide or learning resources. Respond in a couple of sentences to a paragraph for each rubric criterion.

Specifically, you must address the following:

1. Describe the diverse perspectives that are represented in the work. Be sure to cite the work according to APA citation guidelines.

I have chosen the visual creative work *Pocahontas*. There is a lot of diversity and diverse perspectives represented within the work. Some find the film progressive and feminist, whitewashing a horrific past. It seemed to embrace an environmentalist message, with Pocahontas showing Smith the absurdity of relentlessly taking things from the Earth instead of seeing its potential. It really was about female agency and empathy disguised as rather sappy romance. The real Pocahontas was married off to a white man old enough to be her father when she was a teenager and trotted around as a "noble savage" for a few years before she got sick and died.

Describe how your self-concept influences your perspective of the work.

1. How might certain aspects of your identity, including sociocultural factors, influence the way you perceive the work?
2. Describe how different groups of people might interpret the creative work based on specific sociocultural and/or socioeconomic factors.
 1. For example, how might different generations perceive it?
