Forthcoming Books Rose Army,1990 *Again to the Life of Eternity* Frank A. Vaughan,1996 This work postulates that the set of 116 designs by William Blake illustrated herein is not a series of individual responses to the pieces of text they accompany nor is it a series of responses to the individual poems of Thomas Gray The designs are also more than illustrations or corrections of Gray s speakers or of Gray himself In the Gray designs Blake was using the opportunity given him by John and Ann Flaxman in 1797 to explore and explain visually the reformist malaise in the reactionary nineties when the general economic well being and optimism had been replaced by the effects of war and fear For Blake the collapse into the later 1790s is the failure of the imaginative will to sustain the impetus that the American and French Revolutions had begun Blake saw several causes for this failure of will and created a set of designs rich in allusions and dense with visual conventions These visual topoi are personal topical classical biblical and literary Thus there is a need for a study of the Gray designs that sees them as they are a unity rich with visual conventions partaking of Blake s revolutionary pattern of development and desire to reshape in specific ways the mind of his audience BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved [The Cumulative Book Index](#) ,1991 A world list of books in the English language
