**Creativity and Conformity** Foundation for Research on Human Behavior,1968      Defying the Crowd Robert J. Sternberg,Todd I. Lubart,2002-01-15 World renowned psychologist Robert Sternberg presents a fresh and compelling picture of the creative process from the inception of an idea to its ultimate success With illuminating examples Sternberg reveals the paths we all can take to become more creative and shows how institutions can learn to foster creativity What is creative is new and often brings about positive change But what is new is also strange and what is strange can be scary even threatening which is why they don t want to hear it But they are unwise not to listen for the creative person with original ideas is the one who with support will advance and improve the milieu to the benefit of all from Defying the Crowd
