

Battle Over

Combat continues until either side retreats or is completely destroyed. At the end of the battle, a message indicates the number of experience points gained in combat for each surviving member of your party. Party members who are dead, eradicated or turned to stone do not receive experience points.

After combat, the screen returns to the 3-D view of the world, your journey continues, and your party will return to its original marching order, regardless of any position changes made during combat.

IMPORTANT: Before moving your party off the square within which combat occurred, **SEARCH** the square for treasure. Most monsters carry treasure of some sort with them. You may, of course, take care of other business (healing wounds, resting, etc.) before you search the square.

SAVING YOUR GAME

If you need to interrupt the game, but save the experience points and other abilities gained by your characters during the most recent game session, you must take your party to the inn in one of the five towns and **SIGN IN**. When you enter the inn, you will be asked if you want to sign in. By answering **Y** (Yes) you will save your character's current statistics and status on your disk B copy. Should your party die, all gold, items, and information gained since you last visited an Inn (saved the game) will be lost. Any important quests or clues found during this time should be reaccomplished.

The next time you play, you may resume the game from the inn and town containing your party of adventurers...or start from another town with a different party.
