Diminishing Welfare:

Diminishing Welfare Gertrude Schaffner Goldberg, 2001-11-30 Particularly in the 1990s social welfare programs have been cut back in a number of countries Indeed the phrases ending welfare as we know it or dismantling the welfare state have been used to describe this trend In this analysis by well recognized social welfare scholars the nature and extent of changes in social welfare programs in key industrial or post industrial countries is scrutinized Determining if and how social welfare and employment prospects have been cut back in the United States Canada Sweden the United Kingdom France Germany Italy Hungary and Japan helps to identify the population groups hardest hit by cutback In the United States for example poor single mother families have suffered major reductions in income support while more powerful groups have avoided major losses This cross national study not only sheds light on general trends in social welfare but also provides clues to what constitutes successful reform and what has failed This major comparative analysis will be of interest to scholars students policy makers and professionals as well as the general public concerned with social welfare issues full employment poverty and economic inequality

Diminishing Welfare Gertrude S. Goldberg, Marguerite G. Rosenthal, 2002

Policyholder's Reasonable Expectations Yong Qiang Han, 2016-11-03 Over the past two decades protecting contractual parties reasonable expectations has incrementally gained judicial recognition in English contract law In contrast however the similar doctrine of policyholder s reasonable expectations has been largely rejected in English insurance law This is injurious firstly to both the consumer and business policyholder s reasonable expectations of coverage of particular risks and secondly to consumer policyholder s reasonable expectations of bonuses in with profits life insurance To remedy these problems this book argues for an incremental but definite acceptance of the conception of policyholder s reasonable expectations in English insurance law It firstly discusses the homogeneity between insurance law and contract law as well as the role of reasonable expectations and their relevance to the emerging duty of good faith in contract law Secondly following a review and re characterisation of the American insurance law doctrine of reasonable expectations the book addresses the conventional English objections to the reasonable expectations approach in insurance law In passing it also rethinks the approach to the protection of policyholder s reasonable expectations of bonuses in with profits life insurance through a revisit to the in famous case Equitable Life Assurance Society v Hyman 2000 UKHL 39 particularly to its relevant business and regulatory background

Commitment to Full Employment Aaron W. Warner, Mathew Forstater, Sumner Rosen, Robert Heilbroner, 2015-05-20 The 15 papers collected in this book encompass important macroeconomic theories and policies espoused by 1996 Nobel laureate economist William S Vickrey and his associates Vickrey wrote a number of papers in the last few years of his life elucidating his commitment to full employment as a prerequisite for a decent standard of living for all Drawing on the foundation of Vickrey s work the contributors expand and elaborate on issues relative to full employment theory and policy and on related macro policy issues

Poor Women in Rich Countries Gertrude Schaffner

Goldberg,2010-04-10 The first book to study women s poverty over the life course this wide ranging collection focuses on the economic condition of single mothers and single elderly women while also considering partnered women and immigrants in eight wealthy but diverse countries Canada France Germany Italy Japan Sweden the United Kingdom and the United States In a rich analysis of labor market and social welfare sectors Gertrude Schaffner Goldberg and a team of outstanding international contributors conclude that both living wage employment and government provision of adequate benefits and services are necessary if lone women are to achieve a socially acceptable living standard Taken together the chapters extend a feminist critique of welfare state theories and chart nations disparate progress against poverty probing for instance how Sweden emerged a leader in the prevention of women s poverty while the United States continues to lag By identifying the social and economic policies that enable women to live independently Poor Women in Rich Countries provides nothing less than a blueprint for abolishing women s poverty *Towards a Chinese Conception of Social Support* Angelina W.K.

Yuen-Tsang,2018-12-07 First published in 1997 this volume is an attempt to study the patterns of social support among Chinese working mothers in a Beijing neighbourhood with the aim of developing a beginning understanding of the Chinese conception of social support The data indicates great variations in the support relationships experienced by the 27 Chinese working mothers interviewed on their social support and support relationships Angelina W K Yuen Tsang aims to understand the existing patterns of social support to develop an initial understanding of the Chinese conception of social support through the grounded theory method and to explore the implications of the Chinese conception of social support on social work practice and social work intervention in the PRC She argues that the introduction of formal social work interventions to supplement the informal networks is therefore envisaged to be a necessary and inevitable trend of development in the People s Republic of China

Equity and Development Gudrun Kochendörfer-Lucius,Boris Pleskovic,2006-01-01 Inequality of opportunity both within and among nations sustains extreme deprivation results in wasted human potential and often weakens prospects for overall prosperity and economic growth concludes the 2006 World Development Report To correct this situation and reduce poverty more effectively Equity and Development recommends ensuring more equitable access by the poor to health care education jobs capital and secure land rights among others It also calls for greater equality of access to political freedoms and political power breaking down stereotyping and discrimination and improving access by the poor to justice systems and infrastructure To level the playing field among countries and thereby reduce global inequities that hurt the poor in developing countries the report calls for removal of trade barriers in rich countries flexibility to allow greater in migration of lower skilled people from developing countries and increased and more effective development assistance
