

Direct Democracy In Europe

Laurence Morel, Matt Qvortrup

Direct Democracy In Europe:

Direct Democracy in Europe Zoltán Tibor Pállinger, Bruno Kaufmann, Wilfried Marxer, Theo Schiller, 2007-12-07 Dieser Band gibt einen Überblick zu den Entwicklungen der Demokratie in den europäischen Ländern und zum europäischen Stand der Forschung

Local Direct Democracy in Europe Theo Schiller, 2011-05-02 Modern direct democracy has recently become an important element of political life in many countries. These developments can be observed at the national, regional and local level of political systems. Participation and democracy in local political affairs play a major role in stabilising and developing democratic systems. This volume presents for the first time a broad basis of information on the wide variety of local institutions and practice of direct democracy in 19 countries. Country specialists analyse the role of direct democracy in the institutional context and culture of national political systems, political processes of introduction and development of initiatives and referendums, regulations of procedures of municipal direct democracy, practice of local direct democracy, the contribution of local direct democracy to democratic development in general

Direct Democracy in the EU Steven Blockmans, Sophia Russack, 2018 The European Union is grappling with a democracy problem. The succession of crises which have plagued the increasingly executive EU for years has led to a rising cacophony of voices calling for fundamental change to the integration project. Yet despite the seismic shock of the Brexit referendum and the electoral upsets by nativist parties across the continent, few of the plans for EU reform include concrete proposals to reduce the age-old democratic deficit. This book is concerned with the two-pronged question of how the relationship between citizens, the state and EU institutions has changed and how direct democratic participation can be improved in a multi-layered Union. As such, this edited volume focuses not on populism per se, nor does it deeply engage with policy and output legitimacy. Rather, the research is concerned with process and polity. Building on the notion of increasing social, economic and political interdependence across borders, this volume asks how a sense of solidarity and European identity can be rescued from the bottom up by politically empowering citizens to take back control of their EU.

The Legal Limits of Direct Democracy Moeckli, Daniel, Forgács, Anna, Ibi, Henri, 2021-07-31 With the rise of direct democratic instruments, the relationship between popular sovereignty and the rule of law is set to become one of the defining political issues of our time. This important and timely book provides an in-depth analysis of the limits imposed on referendums and citizens' initiatives, as well as of systems of reviewing compliance with these limits in 11 European states

Direct Democracy in Europe Bruno Kaufmann, M. Dane Waters, 2004 This book is the most comprehensive reference guide to more than 200 years of experience with the initiative and referendum process in Europe. With the European Union enlarging with ten new countries and the continent heading to its first Europe-wide referendum, the book offers background facts and analysis from more than 35 countries that will help the reader understand these important and emerging events. The volume also explores and describes criteria and requirements for a working IR process at all political levels

Handbook of Direct Democracy in Central and Eastern Europe after 1989 Maria

Marczewska-Rytko,2018-04-23 Since the collapse of the Soviet Union the political history of Central and Eastern Europe has been mainly the story of arise consolidation transformation and struggles of new democratic regimes and societies The handbook offers an instructive approach to that history focusing on the relevance of practices and institutions of direct democracy It collects 20 political analyses of direct democracy in 20 Central and Eastern European countries after 1989

Direct Democracy and Minorities Wilfried Marxer,2012-02-27 Modern direct democracy has become an essential element of political life in many countries in Europe and worldwide The initiative and referendum process offers extra channels for citizen participation and thus represents an important supplementary institution in modern democracies This third volume of the series Direct Democracy in Modern Europe focuses on direct democratic decisions on minority affairs The main question is whether direct democracy tends towards a domination of the majority over a minority producing new conflicts or whether how and under what conditions it helps to solve problems in complex societies and leads to lasting solutions to political disputes This volume includes articles by specialist researchers on historical experiences of direct democratic decisions on territorial conflicts theoretical considerations on direct democracy and minorities case studies on popular votes concerning minority issues several country case studies the role of the media in direct democratic campaigns on minority affairs the potential of transnational direct democracy

Direct Democracy Andreas Auer,Michael Bützer,2001 This text aims to provide the reader with insights into Eastern European democracies It is divided into two parts the first part presents 12 country reports focusing on seven issues and the second part contains theoretical papers which place the topics tackled in the book in a broader context

Direct Democracy Moritz Dressel,2009-03 Seminar paper from the year 2006 in the subject Politics International Politics Topic European Union grade 8 A University of Twente course Democratic Dilemmas of European Governance 15 entries in the bibliography language English abstract The European Union has come under tremendous pressure in recent years Political deadlocks and nearly failed treaty ratifications finally culminating in an unprecedented crisis due to the no votes on the Draft Constitutional Treaty in France and the Netherlands have made many seriously question the entire project of European integration However this has not been brought about by the latest failed referenda only In fact discussions about the feasibility of the process and its very nature have been occurring on and off Therein the notion of the democratic deficit has increasingly gained awareness This is mainly about the way policy making in the EU which is all but transparent is conducted Some critics regard the arguably restricted access of average citizens to the European legislator as decisive for the future of the Union at large Indeed the EU generally suffers from a lack of support by Europeans which is regularly revealed during EU wide elections to the European Parliament Low and always lower turnouts made many put the Union s significance into doubt since these elections are not alone characterised by low participation rates but even more so by a so called second order feature That means European elections are supposed to be more or less national mid term elections wherein citizens show their respective level of satisfaction with domestic incumbents Thus

European issues or the Parliament are of little to no importance to the voter In order to increase public support EU institutions persistently try to close the gap between European citizens and Europe say Brussels But all campaigns explaining the Union at large mentioning benefits and praising achievements made so far could not trigger

Instruments of Direct Democracy in the Member States of the Council of Europe Silvano Möckli, 1996

The Politics of Direct Democracy Lawrence LeDuc, 2003-09 This book aims to provide a comprehensive up to date survey of direct democratic institutions and devices as they have developed both in the thinking of modern political theorists and in actual political practice in the world s major democratic nations

Democratic Innovations in Central and Eastern Europe Sergiu Gherghina, Joakim Ekman, Olena Podolian, 2020-05-21 Democratic Innovations in Central and Eastern Europe expands research on democratic innovations by looking specifically at different forms of democratic innovations in Central and Eastern Europe The book covers direct democracy referendums in particular deliberative democracy practices and e participation forms which are salient in practice because they match the political realities of our time Expert contributors show how the recent actions of ordinary citizens in several Central and Eastern European countries have challenged the contemporary political order and grassroots movements and diverse forms of mobilization have challenged the notion of weak civil societies in the East The empirical evidence presented attempts to deepen citizen involvement in political contexts sometimes quite different from the democratic political systems in the Western world Using lessons from a still largely underexplored part of Europe the book both complements and revises theoretical approaches or complements empirical results in existing studies on democratic innovations Democratic Innovations in Central and Eastern Europe will be of great interest to scholars working on democracy political systems political engagement and Central and Eastern European politics The chapters originally published as a special issue of Contemporary Politics

Direct Democracy in Switzerland Gregory Fossedal, 2018-02-06 Only one country in the world Switzerland is a direct democracy in which to an extent the people pass their own laws judge the constitutionality of statutes and even have written in effect their own constitution In this propitious volume Gregory Fossedal reports on the politics and social fabric of what James Bryce has called the nation that has taken the democratic idea to its furthest extent The lessons Fossedal presents at a time of dissatisfaction with the role of money and privileged elites in many Western democracies are at once timely and urgent

The Politics of Referendum Use in European Democracies Saskia Hollander, 2019-04-02 This book demonstrates that the generally assumed dichotomy between referendums and representative democracy does not do justice to the great diversity of referendum types and of how referendums are used in European democracies Although in all referendums citizens vote directly on issues rather than letting their political representatives do this for them some referendums are more direct than others Rather than reflecting the direct power of the People most referendums in EU countries are held by and serve the interests of the political elites most notably the executive The book shows that these interests rarely match the justifications given in the public debate

Instead of being driven by the need to compensate for the deficiency of political parties decision makers use referendums primarily to protect the position of their party In unravelling the strategic role played by national referendums in decision making this book makes an unconventional contribution to the debate on the impact of referendums on democracy *The Routledge Handbook to Referendums and Direct Democracy* Laurence Morel, Matt Qvortrup, 2017-12-12 Over the last 30 years referendums have played an increasingly important role in determining government policy Recent high profile referendums in Scotland Catalonia and Ukraine have continued the movement towards independence referendums following decolonization and the end of the Cold War The Greek bailout referendum and Britain's vote on membership of the EU reflect a tradition of European states giving their people a direct say in the transfer of sovereign powers to the European Union seen through the ratification of key treaties such as Maastricht Amsterdam Nice and Lisbon This Routledge Handbook covers key aspects and issues of direct democracy and referendums throughout the world including their history when why where how and on which issues referendums are held why some referendums are more democratic than others how referendums are won whether they produce good policies if referendums increase participation and improve the quality of representative democracies do referendums increase trust in democracy and the political actors the impact of new technology on the possibilities methods and frequency of direct public political participation how they should be regulated Covering other related areas such as recall citizen juries and random selection this compendium is an indispensable guide to referendums and the workings of modern democracy

The Changing Role of Citizens in EU Democratic Governance Davor Jancic, 2023-02-23 This collection discusses the challenges of reforming EU democracy through increased citizen participation beyond elections It asks fundamental questions such as whether the institutionalisation of citizens in EU public law is a prerequisite for addressing these challenges and the extent to which such institutionalisation is taking place in the EU To these ends the contributors analyse the latest institutional initiatives proposals and practices such as citizen assemblies citizen consultations and dialogues on European integration and draft legislation the Conference on the Future of Europe the reform of the European Citizens Initiative the evolving role of the European Ombudsman citizen petitions to the European Parliament the roles of the civil society and the European Economic and Social Committee Offering reflections on the impact of the Covid 19 pandemic this book is a much needed reminder of the importance of the role of citizens in EU governance

The Role of Direct Democracy in the European Union Lars P. Feld, Gebhard Kirchgässner, 2003

Direkte Demokratie in der Europäischen Union Johannes W. Pichler, 2009

[Instruments of Direct Democracy in the Member States of the Council of Europe](#) Council of Europe, Silvano Möckli, 1997

[The Oxford Handbook of Political Representation in Liberal Democracies](#) Robert Rohrschneider, Jacques Thomassen, 2020-07-28 The Handbook of Political Representation in Liberal Democracies offers a state of the art assessment of the functioning of political representation in liberal democracies In 34 chapters the world's leading scholars on the various aspects of political representation address eight broad themes The

concept and theories of political representation its history and the main requisites for its development elite orientations and behavior descriptive representation party government and representation non electoral forms of political participation and how they relate to political representation the challenges to representative democracy originating from the growing importance of non majoritarian institutions and social media the rise of populism and its consequences for the functioning of representative democracy the challenge caused by economic and political globalization what does it mean for the functioning of political representation at the national level and is it possible to develop institutions of representative democracy at a level above the state that meet the normative criteria of representative democracy and are supported by the people The various chapters offer a comprehensive review of the literature on the various aspects of political representation The main organizing principle of the Handbook is the chain of political representation the chain connecting the interests and policy preferences of the people to public policy via political parties parliament and government Most of the chapters assessing the functioning of the chain of political representation and its various links are based on original comparative political research Comparative research on political representation and its various subfields has developed dramatically over the last decades so that even ten years ago a Handbook like this would have looked totally different

When somebody should go to the books stores, search establishment by shop, shelf by shelf, it is in point of fact problematic. This is why we offer the ebook compilations in this website. It will completely ease you to see guide **Direct Democracy In Europe** as you such as.

By searching the title, publisher, or authors of guide you essentially want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best area within net connections. Direct Democracy In Europe Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Direct Democracy In Europe free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Direct Democracy In Europe free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that

offer free PDF downloads on a specific topic. While downloading Direct Democracy In Europe free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Direct Democracy In Europe. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Direct Democracy In Europe any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Direct Democracy In Europe Books

1. Where can I buy Direct Democracy In Europe books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
