## **Disappearing Acts:**

Suburbanization of New York Jerilou Hammett, Kingsley Hammett, 2007-01-25 What's next for New York? Is it cooking or cooling? Brimming with vitality or sinking into somnolence? Will it retain its edgy preeminence as global crucible, the place par excellence where the world's peoples come to clash and fuse and create the future? Will the forces of suburbanization now sprawling and malling their way into town tame the raucous metropolis? Subdue its contrarian politics? Make of it just another outlet for Disneyfied culture, big box commerce and franchise food? Or is something altogether new being born at the contested urban-suburban frontier? Only two things are sure: New York is in rapid motion and this book is a great guide to where it might be headed. Its diverse array of observations, written by some of the country's smartest and wittiest analysts and activists, are incisive and accessible, provocative and entertaining, perfect for an urban studies course and for anyone interested in pondering the past and future of cities. *Jet*, 2000-12-11 The weekly source of African American political and entertainment news

**Disappearing Acts** Terry McMillan, 2004-01-06 From 1 New York Times bestselling author Terry McMillan comes an honest look at a modern romance from love at first sight to painful reality to working toward a happy ending. Franklin Swift was a sometimes employed construction worker and a not quite divorced dad of two. Zora Banks was a teacher, singer and songwriter. They met in a Brooklyn brownstone and there could be no walking away. In this funny, gritty love story, Franklin and Zora join the ranks of fiction's most compelling couples as they move from Scrabble to sex, from layoffs to the limits of faith and trust. *Disappearing Acts* is about the mystery of desire and the burdens of the past. It's about respect, what it can and can't survive. And it's about the safe and secret places that only love can find. *Popular Contemporary Writers*, 2006 Ninety-six alphabetically arranged author profiles include biographical information, critical commentary and illustrations

*Veil and Vow* Aneeka Ayanna Henderson, 2020-01-29 In *Veil and Vow*, Aneeka Ayanna Henderson places familiar, often politicized questions about the crisis of African American marriage in conversation with a rich cultural archive that includes fiction by Terry McMillan and Sister Souljah, music by Anita Baker and films such as *The Best Man*. Seeking to move beyond simple assessments of marriage as good or bad for African Americans, Henderson critically examines popular and influential late twentieth and early twenty-first century texts alongside legislation such as the 1996 Defense of Marriage Act and the Welfare Reform Act, which masked true sources of inequality with crisis-laden myths about African American family formation. Using an interdisciplinary approach to highlight the influence of law, politics and culture on marriage representations and practices, Henderson reveals how their kinship veils and unveils the fiction in political policy as well as the complicated political stakes of fictional and cultural texts. Providing a new opportunity to grapple with old questions including who can be a citizen, a wife and marriageable, *Veil and Vow* makes clear just how deeply marriage still matters in African American culture

**Our Laundry, Our Town** Alvin Eng, 2022-05-17 With humor and grace, the memoir of a first-generation Chinese American in New York City, *Our Laundry, Our Town* is a memoir that decodes and processes the

fractured urban oracle bones of Alvin Eng's upbringing in Flushing Queens in the 1970s. Back then his family was one of the few immigrant Chinese families in a far flung neighborhood in New York City. His parents had an arranged marriage and ran a Chinese hand laundry. From behind the counter of his parents' laundry and within the confines of a household that was rooted in a different century and culture, he sought to reconcile this insular home life with the turbulent yet inspiring street life that was all around them, from the faux martial arts of TV's Kung Fu to the burgeoning underworld of the punk rock scene. In the 1970s NYC, like most of the world, was in the throes of regenerating itself in the wake of major social and cultural changes resulting from the counterculture and civil rights movements. And by the 1980s, Flushing had become NYC's second Chinatown. But Eng remained one of the neighborhood's few Chinese citizens who did not speak fluent Chinese. Finding his way in the downtown theater and performance world of Manhattan, he discovered the under-chronicled Chinese influence on Thornton Wilder's foundational Americana drama *Our Town*. This discovery became the unlikely catalyst for a psyche-healing pilgrimage to Hong Kong and Guangzhou, China, his ancestral home in southern China, that led to writing and performing his successful autobiographical monologue *The Last Emperor of Flushing*. Learning to tell his own story on stages around the world was what proudly made him whole. As cities, classrooms, cultures, and communities the world over continue to re-examine the parameters of diversity, equity, and inclusion, *Our Laundry Our Town* will reverberate with a broad readership.

**The Space of Disappearance** Karen Elizabeth Bishop, 2020-04-01. More than thirty thousand people were forcibly disappeared during the military dictatorship that governed Argentina from 1976 to 1983, leaving behind a cultural landscape fractured by absence, denial, impunity, and gaps in knowledge. This book is about how these absences assume narrative form in late twentieth-century Argentine fiction and the formal strategies and structures authors have crafted to respond to the country's use of systematic disappearance as a mechanism of state terror. In incisive close readings of texts by Rodolfo Walsh, Julio Cortázar, and Tomás Eloy Martínez, Karen Elizabeth Bishop explores how techniques of dissimulation, doubling, displacement, suspension, and embodiment come to serve both epistemological and ethical functions, grounding new forms of historical knowledge and a new narrative commons whose work continues into the twenty-first century. Their writing, Bishop argues, recalibrates our understanding of the rich and increasingly urgent reciprocities between fiction, history, and the demands of human rights. In the end, *The Space of Disappearance* asks us to reexamine in fiction what we think we cannot see there: at the limits of the literary disappearance appears as a vital agent of resistance, storytelling, and world building.

**Dictatorships in the Hispanic World** Patricia Swier, Julia Riordan-Goncalves, 2013-07-18. This book broaches a comparative and interdisciplinary approach in its exploration of the phenomenon of the dictatorship in the Hispanic World in the twentieth century. Some of the themes explored through a transatlantic perspective include testimonial accounts of violence and resistance in prisons, hunger and repression, exile, silence, and intertextuality, Bildungsroman, and the modification of gender roles and the role of trauma and memory within the genres of the novel, autobiography, testimonial literature, the

essay documentaries puppet theater poetry and visual art By looking at the similarities and differences of dictatorships represented in the diverse landscapes of Latin America and Spain the authors hope to provide a more panoramic view of the dictatorship that moves beyond historiographical accounts of oppression and engages actively in a more broad dialectics of resistance and a politics of memory
