The Art of Magic Thomas Nelson Downs,1921 *The Art of Magic* Thomas Nelson Downs,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1921 edition Excerpt CHAPTER VI CARD TRICKS BASED ON A NEW AND ORIGINAL SYSTEM OF LOCATING A CHOSEN CARD In this chapter we shall describe a series of sleights by which a chosen card may be located in the pack without the use of the shift or without resorting to any of the multifarious and conventional devices employed by magicians to obtain knowledge of a card that has been sighted or selected by a spectator This new and original system of subterfuge is the invention of T Nelson Downs who has built upon the basic idea a superstructure of subtle and bewildering illusions with cards that will appeal particularly to the devotee of sleight of hand These tricks are susceptible to development and variation and in the hands of an adroit performer and clever talker will furnish adequate material for a thirty minute act The experiments form an ideal card combination for club work or for an impromptu performance in the home hotel or newspaper office in that no preparation is required and any cards may be used The performer however will soon discover that the best results are obtained by the use of a new or comparatively new pack of cards Equipped with such a pack and with a small table or stand of any kind the student assuming that he possesses the requisite skill will be able not only to mystify the uninitiated but also to baffle those who may have a knowledge of sleight of hand So much for the intrinsic merits of this new system of deception It is more to the purpose to present a brief description of the effects obtained by the various subterfuges The performer removes a pack of new cards from its case and wrapper and offers the same to a spectator for shuffling This preliminary duty performed the conjurer holding the pack downward in

The Art of Magic (Classic Reprint) T. Nelson Downs,2017-06-09 Excerpt from *The Art of Magic* Magic has undergone many changes in the last quarter of a century The devotees of the art have gone from one extreme to the other from the simplicity of the school of Frickell to the cumbersome stage setting of Anderson and from Anderson to Frickell again The last decade was devoted to manipulation and specialization Kings and emperors and dukes and panjam drums of cards and coins monarchs of eggs and handkerchiefs czars of cabbages and billiard balls sprung up like mushrooms Magic degenerated into a Mere juggling performance Dexterity was paramount and the psychological side of the art neglected Mind gave way to matter The conjurer aimed at novelty rather than entertainment He worked in one To employ the ver nacular of the stage And in most instances gave a silent act Of course there were exceptions A few a very few performers presented a really artistic act with cards and coins but as each clever performer had a host of bungling imitators the profession became overcrowded and vaudeville managers were net in when An engagement seeking magician sent in his card About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally

Art Of Magic Introduction

In today's digital age, the availability of Art Of Magic books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Art Of Magic books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Art Of Magic books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Art Of Magic versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Art Of Magic books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Art Of Magic books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Art Of Magic books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course

materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Art Of Magic books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Art Of Magic books and manuals for download and embark on your journey of knowledge?
