Art Nouveau Boxed Notecards:

Art Deco Chicago Robert Brueggemann, 2018-10-02 An expansive take on American Art Deco that explores Chicago's pivotal role in developing the architecture, graphic design, and product design that came to define middle class style in the twentieth century. Frank Lloyd Wright's lost Midway Gardens, the iconic Sunbeam Mixmaster, and Marshall Field's famed window displays, despite the differences in scale and medium, each belongs to the broad current of an Art Deco style that developed in Chicago in the first half of the twentieth century. This ambitious overview of the city's architectural, product, industrial, and graphic design between 1910 and 1950 offers a fresh perspective on a style that would come to represent the dominant mode of modernism for the American middle class. Lavishly illustrated with 325 images, the book narrates Art Deco's evolution in 101 key works, carefully curated and chronologically organized to tell the story of not just a style but a set of sensibilities. Critical essays from leading figures in the field discuss the ways in which Art Deco created an entire visual universe that extended to architecture, advertising, household objects, clothing, and even food design. Through this comprehensive approach to one of the 20th century's most pervasive modes of expression in America, *Art Deco Chicago* provides an essential overview of both this influential style and the metropolis that came to embody it. *Arts & Crafts Homes and the Revival*, 2009 Devoted to the Arts and Crafts Movement, past and present, this new magazine celebrates the revival of quality and craftsmanship. William Morris through the Bungalow era. Includes historic houses, essays, and news, design details, how-to articles, gardens, and landscape, kitchens, and baths. Trade Names Dictionary Donna J. Wood, 1982 *Arts*, 1993 *New West*, 1977 Syme's Letter Writer Rachel Syme, 2025-01-28. A literary jaunt in praise of the lost art of letter writing that explores a cultural history and the undeniable thrill of old school correspondence from journalist and cultural critic Rachel Syme. Inspired by a famed correspondence handbook penned by a persnickety Victorian who had strong opinions on how to lick a stamp, cultural critic Rachel Syme has rewritten the staid letter writing rules of yore for the letter writers of today. Syme insists you must stuff your envelopes with flat frivolities and includes guides for how to press flowers and make a matchbook mark, teaches you how to perfume a parcel and encourages you to cultivate your own ritual around keeping up with your correspondence. Even if you have never sent a hand-written letter before, this book will make you want to begin and will show you just how to get started. Immerse yourself in this epistolary bric-a-brac celebrating the intimate, whimsical, expressive art of written correspondence, covering every part of the process from courting and keeping a pen pal down to buying the best nibs for your refurbished vintage fountain pen. As you read fragments of letters and journals from storied literary figures, Zelda Fitzgerald, Willa Cather, Pat Parker, Vita Sackville-West, Djuna Barnes, Octavia Butler, to name a few, you can take note of how to write about the weather without being a total snooze, how to write a letter like a poet and how to infuse your correspondence with gossip and glamorous mystique. You'll learn about the magic of hotel stationery, the thrill of sending postcards and the importance of choosing a signature paper that captures your essence. After all, the words you write on paper and send to another person are precious, offering comfort, shared sorrow, cathartic rage, hard-earned insight, refreshing strangeness, absurd silliness, understanding, delight, commiseration and beauty, and often all of those things all mixed up at the same time. Letter writing is meant to be enjoyed, so pick up a fountain pen and get writing.
