## **Art Of Rembrandt:**

**Rembrandt** Ernst van de Wetering,2000 In this book Rembrandt's pictorial intentions and the variety of materials and techniques he applied to create his fascinating effects are unravelled in depth This book offers a view of Rembrandt's daily practice and artistic considerations while simultaneously providing a more three dimensional image of the historical artist in general Back cover Rembrandt: The Painter Thinking Ernst van de Wetering,2016-04-18 Throughout his life Rembrandt van Rijn 1606 1669 was considered an exceptional artist by contemporary art lovers In this highly original book Ernst van de Wetering investigates why Rembrandt from a very early age was praised by high placed connoisseurs like Constantijn Huygens It turns out that Rembrandt from his first endeavours in painting on had embarked on a journey past all the foundations of the art of painting which were considered essential in the seventeenth century In his systematic exploration of these foundations Rembrandt achieved mastery in all of them thus becoming the pittore famoso that count Cosimo the Medici visited at the end of his life Rembrandt never stopped searching for ever better solutions to the pictorial problems he saw himself confronted with this sometimes led to radical decisions and alterations in his way of working which cannot simply be explained by attributing them to a change in style or a natural development In a quest as rigorous and novel as Rembrandt's Van de Wetering shows us how Rembrandt dealt with the foundations of his art and used them to try and become the best painter the world had ever seen His book sheds new light both on Rembrandt's exceptional accomplishments and on the practice of painting in the Dutch Golden Age at large **Rembrandt Paintings** Horst Gerson,Rembrandt Harmenszoon van Rijn,1968 Oversized art book *Notes on the Art of Rembrandt* Charles John Holmes,1911 **This is Rembrandt** Jorella Andrews,2016-05-03 Rembrandt van Rijn is the quintessential Old Master His intimately observed vivid and profoundly atmospheric works are what many museum goers consider traditional painting ought to be But in his own lifetime Rembrandt was not always so well regarded The expressive honesty of his paintings and prints could evoke disdain as easily as admiration For more than a century after his death his style was dismissed by many academically trained art theorists and critics In the nineteenth century however he was championed by artists fired by the revolution and change of their times For them Rembrandt was a kindred radical spirit his paintings imbued with a truly modern ethos Born at the beginning of the seventeenth century in the Golden Age of the newly formed Dutch Republic Rembrandt found early fame and great wealth as a painter living with the opulence of a rock star But he spent way beyond his means When midway through his career public taste turned away from him these combined factors proved ruinous For the rest of his life he would be destitute crippled by debt the loss of patrons and the deaths of loved ones Nonetheless he continued to paint with the same passion The art he produced in his final years is arguably his most enduringly sensitive and open **A Corpus of Rembrandt Paintings V** Ernst van de Wetering,2013-12-12 This volume is the fifth volume of A Corpus of Rembrandt Paintings a project devoted to all Rembrandt's paintings This is the work of The Rembrandt Research Project consisting of a group of scholars led since

1993 by Professor Ernst van de Wetering The project began in 1968 with the aim of separating Rembrandt's own paintings from the vast number of Rembrandtesque paintings made by his many apprentices and followers Having opted for a chronological approach to the cataloguing of Rembrandt's paintings from 1625 till 1642 in the first three volumes it was decided in 1993 to adopt a thematic approach for further volumes This was largely to facilitate the recognition of different hands The new approach yielded much more information not only about Rembrandt's working methods but also about the function and meaning of his works This expanded field of view meant that etchings and drawings with similar themes also needed to be included In 2005 Volume IV appeared devoted to Rembrandt's self portraits in painting etching and drawing Volume V consists of a catalogue and analysis of the so called small scale history and genre paintings That theme was chosen because this type of complex work shows a variety of full length protagonists acting in different narrative settings For this reason in the 17th century painting etching or drawing biblical and mythological scenes was looked upon as an artist's greatest challenge The choice of this theme proved to be highly fruitful in several ways Small scale history pieces reveal Rembrandt's artistic ambitions most clearly They also offer the authors a much more accurate view of the daily routine in Rembrandt's studio his apprentices mostly copied this type of work or used it as a starting point for their own As a result it was easier to distinguish the works by the master himself from those of his pupils All aspects of the skills necessary to create a pictorial illusion play a part in the creation of small figured history paintings These aspects were referred to as the basis of the noble art of painting in Rembrandt's days Two seventeenth century painter theoreticians discussed these principles systematically in two books which up till now have only sporadically been consulted in the context of 17th century studio practice Karel van Mander wrote his *Grond der edel vry schilder const* Basis of the Art of Painting in 1604 and Samuel van Hoogstraten produced his *Inleyding tot de hooge schoole der schilder konst* Academy of Painting in 1678 Van Hoogstraten was a pupil of Rembrandt between 1642 and 48 Comparing the two books and considering them in relation to Rembrandt's oeuvre gradually reveals his original views on painting and how these had developed during his career Thus the authors of this new Volume of A Corpus have gained an unexpected and profound insight into Rembrandt's ideas and approach to his art The basic aspects of painting included the following topics function and methods of drawing human proportions various positions poses and gestures of figures ways of arranging a scene's protagonists in a composition facial expressions of a variety of emotions light shadows and reflected light landscape and animals draperies and articles of clothing methods of painting and various characteristics and uses of colours The way these basic aspects were selected and dealt with presumed that the more practical side to the art of painting would be learned by the apprentice in the daily routine of his master's studio With the development of art history in the nineteenth century the basic aspects of the art of painting listed above acquired the vague label of style However the seventeenth century categorization of the basic aspects provides a much more acute means of probing the views and criteria for judging a painting by Rembrandt and his contemporaries than the concept

of style Volume V in the series A Corpus of Rembrandt Paintings breaks new ground from the point of view of art history not only in its approach to Rembrandt as an artist but more particularly to his thinking about painting Moreover a detailed comparison of Rembrandt's works and those by his apprentices who based their works on his led to a profound and detailed understanding of Rembrandt's views on pictorial quality In art historical literature quality usually does not feature prominently since it is regarded as being too subjective This comparative approach together with the analysis of seventeenth century categories of thought about painting have given the research on Rembrandt a new impetus at the same time allowing us to see more clearly through seventeenth century eyes That is why the new volume of the Corpus is an important publication not only for art historians but also for all who want to fully enjoy the numerous works of art that date back to the Dutch Golden Age now scattered in museums around the world

Rembrandt van Rijn Masterpieces of Art Susan Grange, 2016-04-07 Rembrandt Harmenszoon van Rijn was the leading painter and graphic artist of the Golden Age of Dutch Art He excelled in imbuing his art with the deepest and most lifelike emotion with rich detail and stunning lighting This richly enjoyable book gives the reader an illuminating overview of the life work and influences of the artist before going on to showcase the most stunning and varied examples of his oeuvre broken down into themes Portraits Landscape Narrative Self portraits and Etchings Drawings Discover his versatility in the range of works selected from the electric *The Storm on the Sea of Galilee* to the treasured *The Night Watch* with its triumph in chiaroscuro and energy A visual feast it will underline the artist's status as a true master

Rembrandt Gary Schwartz, 1985 Traces the life and career of the seventeenth century painter shows all of his works and offers a fresh analysis of each painting

**Rembrandt and the Female Nude** Eric Jan Sluijter, Rembrandt Harmenszoon van Rijn, 2006 Rembrandt's extraordinary paintings of female nudes *Andromeda* *Susanna* *Diana and her Nymphs* *Dana* *Bathsheba* as well as his etchings of nude women have fascinated many generations of art lovers and art historians But they also elicited vehement criticism when first shown described as against the grain anticlassical even ugly and unpleasant However Rembrandt chose conventional subjects kept close to time honored pictorial schemes and was well aware of the high prestige accorded to the depiction of the naked female body Why then do these works deviate so radically from the depictions of nude women by other artists To answer this question Eric Jan Sluijter in *Rembrandt and the Female Nude* examines Rembrandt's paintings and etchings against the background of established pictorial traditions in the Netherlands and Italy Exploring Rembrandt's intense dialogue with the works of predecessors and peers Sluijter demonstrates that more than any other artist Rembrandt set out to incite the greatest possible empathy in the viewer an approach that had far reaching consequences for the moral and erotic implications of the subjects Rembrandt chose to depict In this richly illustrated study Sluijter presents an innovative approach to Rembrandt's views on the art of painting his attitude towards antiquity and Italian art of the Renaissance his sustained rivalry with the works of other artists his handling of the moral and erotic issues inherent in subjects with female nudes and the nature of his artistic choices

**Rembrandt** Rembrandt Harmenszoon van Rijn, H. Perry Chapman, Cincinnati Art Museum, 2008 Catalog of an exhibition at the Cincinnati Art Museum Mar 8 May 21 2008

**Rembrandt** Rosalind Ormiston, 2012-04 An illustrated exploration of the artist Rembrandt van Rijn his life and context with a gallery of 300 of his finest works

**Rembrandt and His World** Christopher White, 1964 A pictorial biography of the artists including reproductions of paintings and drawings as well as etchings

**The Artist and His Models** Haneul Ddang, 2022-11 The story of the Dutch painter known as Rembrandt It describes how he liked to paint people and how he found subjects for his paintings As he got older Rembrandt enjoyed painting two people in particular two people who were very special to him Rembrandt had some hard times but he never gave up painting In his works he expressed his passions his love for others and all the sweetness and bitterness of life Contains biographical information about the artist at the end of story

**What Makes a Rembrandt a Rembrandt?** Richard Mühlberger, Metropolitan Museum of Art (New York, N.Y.), 1993 The work of Rembrandt is studied in this title of the bestselling What Makes a series now available in a handsome hardcover edition The composition line color subject matter of 12 of Rembrandt's most famous paintings are analyzed while the world he lived and worked in is also explored Full color illustrations Copyright Libri GmbH All rights reserved

**Rembrandt's Themes** Richard Verdi, 2014 Rembrandt van Rijn 1606-1669 was among the few celebrated old masters who enjoyed considerable freedom in his choice of subject matter Living and working in the Protestant Netherlands he painted largely for private patrons and the open market selecting his own subjects in the hope of finding buyers This illuminating study explores some of the central themes of Rembrandt's paintings drawings and etchings grand love sin repentance and forgiveness adultery fatherhood and the conflict between the generations as well as mundane and idiosyncratic It demonstrates how Rembrandt's subjects can offer new revelations about this complex artist

**Rembrandt's Universe** Gary Schwartz, 2006 On the occasion of the 400th anniversary of Rembrandt's birth here is the ultimate book on Rembrandt's art and life his work as an artist his family friends and patrons his place in European culture by one of the world's best known writers on Dutch art Designed to be the Rembrandt book of first resort this complete and accessible volume will be an invaluable work of reference and vital reading for art lovers art students and museum goers

**Rembrandt** Stefano Zuffi, 2011-09-29 This generously illustrated volume on the work of Rembrandt makes the world's greatest art accessible to readers of every level of appreciation Celebrated for his penetrating portraits richly detailed landscapes and evocative narrative paintings the seventeenth century artist Rembrandt is generally considered one of Europe's greatest painters and printmakers and the master of the Dutch School His work is distinguished by broad brushwork luminous palettes and a sense of order and movement that recalls the finest Renaissance art Overflowing with impeccably reproduced images this book offers fullpage spreads of masterpieces as well as highlights of smaller details allowing the viewer to appreciate every aspect of the artist's technique and oeuvre Chronologically arranged the book covers important biographical and historic events that reflect the latest scholarship Additional information includes

a list of works timeline and suggestions for further reading     Meet Rembrandt Gary Schwartz,2009 Rembrandt was a painter and draftsman of undisputed genius but what was he like as a person The mystery of the moody and inspired Rembrandt continues to fascinate Gary Schwartz tells the story of Rembrandt the man artist and legend in lively and accessible language He introduces us to the people who inspired the artist patrons wives and lovers and his son Titus who died tragically young And Schwartz recounts the sorrowful and impoverished circumstances of the artist s last years Rembrandt s fascinating art remains enriching the biographical details of his life through its subject matter and its development from the polished sophistication of his early years in Amsterdam to the deep soul searching of the late works This attractive and accessible book is the ideal introduction for students and all art lovers Distributed for the Rijksmuseum Amsterdam     Rembrandt and His Art Christopher Wright,1981 Biography and a pictorial look at the art of Rembrandt  
    *Rembrandt* Rembrandt Harmenszoon van Rijn,Stefano Zuffi,1999 Examines the life and work of Rembrandt through more than 300 colour reproductions of his paintings which are documented and placed in their social and historical context This book is one of a series which explores art from the end of the Middle Ages to the beginning of the 20th century
