The Training of Children in the Christian Family (Classic Reprint) Luther Allan Weigle, 2018-02-26 Excerpt from The Training of Children in the Christian Family This is a book for parents which deals with principles rather than with problems or cases It aims to help parents to think for themselves and does not undertake to present ready made formulas for the training of children or prescriptions for use in various emergencies It is not mere theory how ever most of its materials lie within the author s experience as parent and as teacher The outline of the book is that of an introductory course for the training of parents prepared and released by the International Sunday School Lesson Committee under the title of Hints on Child Training as one of its elective courses for adult classes in the Sunday school The editors of The Church School requested me to prepare a series of articles following this outline which might be used as a basis for study and discussion in parents classes In that form the chapters of this book appeared in that publication and have been used as a course of study by classes of parents in Sunday schools of various denominations and as the basis for a year s programs and discussions by mothers clubs and parent teacher associations It is hoped that the book may find a yet wider use by such classes and groups

as well as commend itself to the reading of individual fathers and mothers My thanks are due to the editors of The Church School About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
