Assorted Prose:

Assorted Prose John Updike, 2012-09-18 John Updike's first collection of nonfiction pieces published in 1965 when the author was thirty three is a diverting and illuminating gambol through midcentury America and the writer's youth. It opens with a choice selection of parodies, casuals, and "Talk of the Town" reports, the fruits of Updike's boyish ambition to follow in the footsteps of Thurber and White. These jeux d'esprit are followed by "Hub Fans Bid Kid Adieu," an immortal account of Ted Williams's last at bat in Fenway Park; "The Dogwood Tree," a Wordsworthian evocation of one Pennsylvania childhood; and five autobiographical essays and stories. Rounding out the volume are classic considerations of Nabokov, Salinger, Spark, Beckett, and others, the earliest efforts of the book reviewer who would go on to become in *The New York Times's* estimation the pre-eminent critic of his generation. Updike called this collection motley but not unshapely. Some would call it a classic of its kind.

Meditations Barbara Guest, 2025-05-06 *Meditations* gathers together in one volume for the first time an extensive collection of the prose work of Barbara Guest, 1920-2006, one of the major voices of twentieth-century American literature. Known primarily as a poet, Guest worked in many styles, all represented herein: essays, lectures, art criticism, literary and art reviews, as well as forms of fiction, biography, poetic prose, drama, comics, and other mixed-genre pieces. This collection of the poet's prose illuminates Guest's singular genius, highlighting her structural awareness of language and placing her within the vanguard of American poetry. Much of her writing initially appeared in special editions, often through collaborations with visual artists. Lyrical and intellectually soaring, this collection is a treasure of insights into the relationship between language, image, and imagination. Joseph Shafer's introduction provides a meaningful context for sixty years worth of critical and creative prose by one of America's finest poets.

Prophets Without Vision Hedda Ben-Bassat, 2000-06 Ben Bassat, English, Tel Aviv U. discusses crises of ideology and identity in the fiction of contemporary American authors. She contends that the fiction of John Updike, Flannery O'Connor, Grace Paley, James Baldwin, and Alice Walker has absorbed a diversity of prophetic modes from a diversity of

Updike's Version James A. Schiff, 1992 Although many readers are aware of John Updike's Rabbit tetralogy, fewer have paid close attention to his other multivolume work, *The Scarlet Letter* trilogy. In *Updike's Version*, James Schiff provides the first full-length critical analysis of Updike's trilogy since the publication of its final volume in 1988. He demonstrates how Hawthorne's classic novel of adulterous love and divided selves has become an American myth and how Updike in his trilogy has sought to expand, update, and satirize that myth. The three volumes that make up the trilogy, *A Month of Sundays* (1975), *Roger's Version* (1986), and *S* (1988), engage in a dialogue with Hawthorne's novel, commenting upon and altering the original story. To understand the nature of this dialogue, Schiff employs a methodology specifically suited to Updike's mythical method, in which special attention is given to reader expectation, parody, point of view, and principles of fragmentation and condensation. *Updike's Version* covers new ground in Updike studies, revealing how the intertextual dialogue between Updike and Hawthorne is far more complex and extensive than has yet been acknowledged. Providing close

and detailed readings of the novels Updike's Version will be of major importance to students and scholars of John Updike Nathaniel Hawthorne's canonical American text and American literature in general Something and Nothingness John Neary, 1992 John Neary shows that the theological dichotomy of *via negativa* which posits the authentic experience of God as absence darkness silence and *via affirmativa* which emphasizes presence images and the sounds of the earth is an overlooked key to examining and comparing the works of John Fowles and John Updike Drawing on his extensive knowledge of both Christian and secular existentialism within the modern theology of Barth and Levinas and the contemporary critical theory of Derrida and J Hillis Miller Neary demonstrates the ultimate affinity of these authors who at first appear such opposites He makes clear that Fowles's postmodernist metafictional experiments reflect the stark existentialism of Camus and Sartre while Updike's social realism recalls Kierkegaard's empirical faith in a generous God within a kind of Christian deconstructionism Neary's perception of uncanny similarities between the two authors whose respective careers are marked by a series of novels that structurally and thematically parallel each other and the authors shared long term interest in existentialism and theology support both his critical comparison and his argument that neither author is philosophically more sophisticated nor aesthetically more daring **One Candle** Susan Dwyer, 1993 *Myth and Gospel in the Fiction of John Updike* John McTavish, 2016-05-17 Big on style slight on substance that has been a common charge over the years by critics of John Updike In fact however John Updike is one of the most serious writers of modern times Myth as this book shows unlocks his fictional universe and repeatedly breaks open the powerful themes in his literary parables of the gospel Myth and Gospel in the Fiction of John Updike also includes a personal tribute to John Updike by his son David two essays by pioneer Updike scholars Alice and Kenneth Hamilton and an anecdotal chapter in which readers share Updike discoveries and recommendations All in all weight is added to the complaint that the master of myth and gospel was shortchanged by the Nobel committee *The Garland Companion to Vladimir Nabokov* Vladimir E. Alexandrov, 2014-05-22 First published in 1995 This companion constitutes a virtual encyclopaedia of Nabokov and occupies a unique niche in scholarship about him Articles on individual works by Nabokov including his short stories and poetry provide a brief survey of critical reactions and detailed analyses from diverse vantage points For anyone interested in Nabokov from scholars to readers who love his works this is an ideal guide Its chronology of Nabokov's life and works bibliographies of primary and secondary works and a detailed index make it easy to find reliable information any aspect of Nabokov's rich legacy *Becoming John Updike* Laurence W. Mazzeno, 2013 When John Updike died in 2009 tributes from the literary establishment were immediate and fulsome However no one reading reviews of Updike's work in the late 1960s would have predicted that kind of praise for a man who was known then as a brilliant stylist who had nothing to say What changed Why And what is likely to be his legacy These are the questions that *Becoming John Updike* pursues by examining the journalistic and academic response to his writings Several things about Updike's career make a reception study appropriate First he was prolific he began publishing

fiction and essays in 1956 published his first book in 1958 and from then on brought out at least one new book each year Second his books were reviewed widely usually in major American newspapers and magazines and often in foreign ones as well Third Updike quickly became a darling of academics the first book about his work was published in 1967 less than a decade after his own first book More than three dozen books and hundreds of articles of academic criticism have been devoted to Updike The present volume will appeal to the continuing interest in Updike s writing among academics and general readers alike Laurence W Mazzeno is President Emeritus of Alvernia University Among other books he has written volumes on Austen Dickens Tennyson and Matthew Arnold for Camden House s Literary Criticism in Perspective series

The Writers' Game Richard Orodener,1996 Surveying the vast body of nonfiction writing devoted to baseball and exploring the recurrent themes and myths that typify it the book gives special attention to the familiar essay the in depth personal profile and the memoir or autobiography while never skirting seminal works of baseball lore whether early sports guide dime novel or oral history The result is a dozen thematically arranged chapters that inspect the works of scores of writers including Christy Mathewson Stephen Crane Donald Hall Jim Bouton Roger Angell and Annie Dillard and provide a thoroughly entertaining compendium of the history and culture of baseball *Assorted Prose* John Updike
