Course In Miracles And Christianity A Dialogue:

A Course in Miracles and Christianity Kenneth Wapnick, William Norris Clarke, 1995 Reflecting the view of A Course in Miracles that a universal theology is impossible but a universal experience love is not only possible but necessary this dialogue was held in the loving spirit of friends respecting their differences and agreeing to disagree Dr Wapnick and Rev Clarke define the differences clearly showing unequivocally that A Course in Miracles and the Bible are mutually exclusive theologies that can never be integrated into one coherent spirituality Themes include the origin of the world Jesus the Eucharist and daily life

Revelatory Events Ann Taves, 2016-10-25 A leading scholar sheds critical light on the seemingly revelatory events behind new religions and spiritual movements Unseen presences Apparitions Hearing voices Although some people would find such experiences to be distressing and seek clinical help others perceive them as transformative Occasionally these unusual phenomena give rise to new spiritual paths or religious movements Revelatory Events provides fresh insights into what is perhaps the bedrock of all religious belief the claim that otherworldly powers are active in human affairs Ann Taves looks at Mormonism Alcoholics Anonymous and A Course in Miracles three cases in which insiders claimed that a spiritual presence guided the emergence of a new spiritual path In the 1820s Joseph Smith Jr reportedly translated the Book of Mormon from ancient gold plates unearthed with the help of an angel Bill Wilson cofounded AA after having an ecstatic experience while hospitalized for alcoholism in 1934 Helen Schucman scribed the words of an inner voice that she attributed to Jesus which formed the basis of her 1976 best selling self study course In each case Taves argues the sense of a guiding presence emerged through a complex creative interaction between a founding figure with unusual mental abilities and an initial set of collaborators who were drawn into the process by diverse motives of their own A major work of scholarship this compelling and accessible book traces the very human processes behind such events

The Analogy of Religion. Dialogues Founded Upon Butler's Analogy of Religion H. R. Huckin, 1873 *Relax... You're Not Going to Die Part 1* Darryl Philip, 2025-10-17 This is a time of our spiritual awakening a time when we are finally gaining a full understanding about just why we all choose to take on an earthly life inhabiting a physical body and enduring the ongoing ups and downs of earthly life It is no longer a question of if God exists Now we know that God exists Our spiritual awakening means that we fully understand and accept that God is present in our lives and that all of life is a spiritual journey

The Publishers Weekly, 1998 Divine Dialogues: Prophetic Conversations Across the Ages BENJAMIN TOYGAR, 2023-05-17 Embark on a journey through time and faith in Divine Dialogues Prophetic Conversations Across the Ages This imaginative exploration delves into the heart of divine communication as experienced by three of history's most significant prophets Moses Jesus and Mohammed Divine Dialogues also examines the shared characteristics that may have marked these individuals for divine communication shedding light on the qualities revered across different faiths The book further explores why God might choose to reveal Himself indirectly initiating a thoughtful discussion on the nature of divine revelation While this book offers

speculation and interpretation it encourages readers to engage directly with the source texts and to foster a sense of shared understanding among different faiths It s not just a book it s an invitation to embark on your own spiritual exploration Please note Divine Dialogues is a work of creative exploration and is not intended as a theological treatise The author encourages all readers to consult with religious scholars and texts to deepen their understanding of these conversations **Books In Print 2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004 **The One and the Many** William Norris Clarke,2001 Through Aquinas metaphysics clarke helps the reader develop a holistic view of the meaningfulness of our universe and of human life His work rescues the essence of Aquinas metaphysics making his body of thought accessible to students and interested readers not trained in Thomistic terminology *The Encyclopedic Sourcebook of New Age Religions* James R. Lewis,2004 In the late 1980s the New Age movement became the focus of both media attention and widespread ridicule as some of the more outlandish aspects of the movement such as channeling and the use of crystals for healing briefly piqued the public s curiosity While the movement was at its height scholars of religion generally sneered at what was perceived to be a daffy shallow craze and ignored it as a subject of serious study Professor James R Lewis was among the first to examine this growing religious phenomenon scientifically In previous books he has investigated the New Age as the most visible manifestation of a significant spiritual subculture the roots of which reach back to Theosophy Spiritualism and New Thought The present collection pursues this theme bringing together some of the best recent scholarship on new religions Since the height of its popular influence the New Age has declined in strength but has given rise to a plethora of new denominations all shaped by New Age ideas and spirituality Reflecting the emergence of this new denominational structure the core chapters of this book focus on specific groups Other chapters examine the movement s historical roots A unique feature of Dr Lewis s work is his inclusion of extensive selections from New Age literature thus allowing readers to experience firsthand the unusual perspectives of the various groups This is a fascinating examination of a significant and persistent religious and social phenomenon *The Cumulative Book Index* ,1996 A world list of books in the English language **Books Out Loud** ,2004 **Freed Up** William Radcliffe,1999 *Knowing Christ in the Challenge of Heresy* Steven Tsoukalas,1999 *Knowing Christ in the Challenge of Heresy* responds to the modern day challenges to the biblical understanding of the person and work of Jesus by systematically and thoroughly documenting what many cults believe about Jesus and countering with a biblical exegetical response The author carefully details the nature of heresy in the quest to know Christ patterning his response after the early Christian Church s encounters with heresy Like the early Christians he turns to the Bible for answers resulting in a deeper understanding of the person of Christ He discusses the areas of the pre-existent deity of Christ the incarnate deity of Christ and places special emphasis on what many cults think of Christ and their challenge to the Church He provides a biblical response to these questions secondarily creating a useful sourcebook containing what many religious organizations think of Christ as well as biblical passages that depict Jesus as fully God fully man and fully able to save all who

call upon Him Jews in Byzantium Robert Bonfil,2011-10-14 Byzantine Jews Dialectics of Minority and Majority Cultures is the collective product of a three year research group convened under the auspices of Scholion Interdisciplinary Research Center in Jewish Studies at the Hebrew University of Jerusalem The volume provides both a survey and an analysis of the social and cultural history of Byzantine Jewry from its inception until the fifteenth century within the wider context of the Byzantine world Dialogues on a Course in Miracles Tara Singh,1987 If you study the Course at all this book is for you Tara Singh s lively dialogues with students demonstrate the difference between reading the Course for ideas and engaging your own unwillingness to accept its truth One chapter alone his line by line exploration of the Course s Lord s Prayer makes this book essential for any student of scripture *Words on Cassette, 2002* R R Bowker Publishing,2002 **Jesus and Paul in the Context of Judaism and Early Christianity** Donald A. Hagner,2025-03-27 In the late nineteenth century Jewish scholars began to be interested in Jesus and eventually Paul as important figures in the history of the Jewish people Rightly understood they argued Jesus and Paul belonged more to Judaism than to Christianity as even radical critical Christian scholars were concluding The earliest believers in Jesus were exclusively Jews forming something like a new sect within Judaism The emergence of the Christianity of the New Testament soon became a focus of attention for Jewish scholars and with this a host of questions arose such as about the influence of Hellenism the parting of the ways the widespread Christian misperception of Judaism the tragedy of anti Semitism and the identity of Jesus as Messiah and Lord The present essays address these and other issues maintaining throughout the tension of continuity and discontinuity and stressing the underappreciated radical newness of the New Testament *Mercer Dictionary of the Bible* Watson E. Mills,Roger Aubrey Bullard,1990 Jesus Christ in History and Scripture highlights two related bases for the current revolution in Jesus studies 1 a critically chastened world view that is satisfied with provisional results and 2 a creative or poetic use of the sources of study of Jesus *The Nineteenth Century* ,1883 The Nineteenth Century and After ,1883
