*Shadow Dance* David Richo, 1999-05-11 Discover how to embrace the dark side of your personality or the shadow self as introduced by Carl Jung to live a fuller more authentic life Our shadow is the collection of negative or undesirable traits we keep hidden the things we don't like about ourselves or are afraid to admit egotist non PC proclivities forbidden sexual desires But it also includes our positive untapped potential qualities we may admire in others but disavow in ourselves Befriending the shadow makes fear an ally and enables us to live more authentically It also automatically improves our interpersonal relationships because we are freed from the need to project our own negativity onto others and we become more acutely aware when theirs is projected onto us David Richo looks for where the shadow manifests in personal life family interaction religion relationship and the world around us He shows how to use the gentle practice of mindfulness to work with our shadow side and he provides numerous exercises for going deeper He is remarkably skillful at making the shadow concept not only easy to understand but supremely practical for enhancing the quality of our lives
