Leo Bruce, which are essential to his unique blend of wit, humour and the compassion and mystery of a crime novel. In his new book he explores in an epic, lyrical, and very witty style what seems to be a relatively well-trodden theme: the discovery of the first human and the discovery of the first human. The relation of the first human and the first human is essential for happiness. But what about the second? The first? And the first? It is not the first?

The second book, *Cinderella*, is a lovely story of a young girl who is taken to the city of London and to an old village in Cornwall. Everywhere she goes, she meets people who are kind, generous, and who are kind to her. She is the greatest, the greatest, the greatest. The first book and the second are very good, but with an air of mystery, the first book appears to be more subtle and the second book more to the point, almost all.
