Preface

This is the third edition, with some additions and amendments (and a complete re-numbering), of the edition originally published in 2004 under Richard Emeny's name, with myself as the editor. The interest in Edward Thomas's poetry and prose writings has grown considerably over the past few years, and this is an opportune moment to make the whole checklist freely available and accessible. The intention of the list is to provide those with an interest in Thomas with the tools to understand his enormous contribution to criticism as well as poetry.

This is very much a work in progress. I can't say that I have produced a complete or wholly accurate list, and any amendments or additions would be gratefully received by sending them to me at jeff@jeffcooper.me.uk. They will be incorporated in the list and acknowledged. Many of the entries have been checked, but mainly on an ad hoc basis. Ideally, every entry should be checked systematically against the actual newspapers and periodicals, to complete the details of volume, issue, and page numbers. It is to be hoped that someone will do this in the future, and the extra details and corrections incorporated in this list.

The format of the checklist is chronological, in order of first publication in periodical and book form. It should be borne in mind that there is a bibliographical hierarchy: contributions to periodicals, then contributions to books, and finally principal books. Therefore, if a poem is published in a book before publication in a periodical, the periodical is not listed separately, whereas if it is published in a periodical before publication as a contribution to a book, then in a principal book, it will be listed separately on each occasion (therefore no selections of works already published in book form are listed). Principal books are depicted in bold italic capitals, contributions to books are in bold italic upper-lower case letters, and periodical titles are in italics.

All the text may be searched using Ctrl + F. The author's names are as they appeared at the time, so for example if you want to see what books ET reviewed by Ford Madox Ford, you will have to look up Hueffer. The spelling of authors has also not been standardised, and this particularly affects Russian authors: for example Chekhov may also be spelt Tchekhof.

I should like to record my enormous thanks to the following for helping to make this checklist as complete as it has become. Richard Emeny and the staff of Cardiff University Library (Peter Keelan and Alison Harvey) have been extremely supportive and given valuable assistance, and the following have made important contributions: Guy Cuthbertson, Anne Harvey, Judy Kendall, Kedrun Laurie, Jem Poster, Friedhelm Rathjen, and Professor R. George Thomas.
