Capital And Knowledge In Asia Changing Power Relations:

Capital and Knowledge in Asia Heidi Dahles, Otto van den Muijzenberg, 2003-09-02 Global economic integration widening communication networks and government policies supportive of private enterprise are changing opportunities for accumulating wealth status and power In varying degrees throughout Asia this process is accompanied by the development of service enterprises such as banking insurance legal firms and IT firms which provide access to the resources required for a profitable connection to the wider world This book focuses on the key role played by producer services in shaping new business areas and new patterns for social mobility and their interdependence with the State as either a facilitator of or an obstacle to the emergence and flourishing of the new professions

Capital and Knowledge in Asia Heidi Dahles, Otto van den Muijzenberg, 2003-09-02 This book focuses on the key role played by producer services in shaping new business areas and new patterns for social mobility and their interdependence with the State and the emergence and flourishing of the new professions

The Rise of the Corporate Economy in Southeast Asia Rajeswary Ampalavanar Brown, 2007-01-24 Backed by detailed empirical data Raj Brown gives a comprehensive analysis of the rise of the corporate economy in Southeast Asia focusing in particular on corporate organization methods of finance business environment and corporate governance

Exchange Rate Regimes in East Asia Masahiro Kawai, Gordon de Brouwer, 2004-08-02 There is a deepening debate in East Asia about the prospects for common exchange rate arrangements even including the formation of a common currency in the longer term This raises a complex set of issues and this volume provides a detailed yet comprehensive examination of key issues in the debate It looks for example at the nature and extent of linkages in East Asia in terms of trade and foreign investment finance labour and consumption investment and output It examines how the exchange rate affects various aspects of economies And it critically analyzes various proposals for currency regimes for the region including floating exchange rates basket pegs and currency union

Beyond the Myth Jayati Bhattacharya, 2003-08-01 This book is a macro study of Indian business communities in Singapore through different phases of their growth since colonial times It goes beyond the conventional labour history approach to study Indian immigrants to Southeast Asia both in terms of themselves and their connections with the peoples movements It looks at how Indian business communities negotiated with others in the environments in which they found themselves and adapted to them in novel ways It especially brings into focus the patterns and integration of the Indian networks in the large scale transnational flows of capital one of the least studied aspects of the diaspora history in this part of the world The complexities and overlapping interests of different groups of traders and businessmen form an interesting study of various aspects of these trading bodies their methods of operation and their trade links both within and outside Singapore The book also charts their mobility and progress in terms of both business and social status The research aims to construct linear threads of linkages through generations and situate them in the larger framework and broader paradigms of business networks in Singapore In shedding light on aspects of Indian connectivities to

Southeast Asia the narrative is particularly relevant in the context of India's economic rise This study raises economic social and cultural issues regarding the transition **The City in Southeast Asia** Peter James Rimmer, Howard W. Dick, 2009 The extended metropolitan regions of Southeast Asia are the dynamic cores of their national economies and societies and the frontiers of accelerating globalization This title explores ways of moving beyond outmoded paradigms of the Third World City or a Southeast Asian city type Environment & Planning, 2008 International Social Science Journal, 2004

Economic Development and Inequality in China Hong Yu, 2011 The conventional belief that all regions have equally benefited from China's remarkable development over the last three decades is subjected to criticism in this book as Hong Yu systematically analyses the issue of regional inequality during the post 1978 period using the case of Guangdong Guangdong is one of the key industrial centres and economic powerhouses in China and as a pioneer province instigating economic reform as China opened up to the world it offers an ideal focus upon which to question and enrich the Western theories of economic geography and regional disparity Based on field research analysis of geographic characteristics and regression models this book illustrates how Guangdong's impressive development record has been marred by its rising regional disparity investigates the main causes of this disparity and draws conclusions regarding the lessons China can learn from it Economic Development and Inequality in China will be of interest to students and scholars of Chinese economics Chinese regional studies economic geography and China Studies Hong Yu is a Visiting Research Fellow at the National University of Singapore His research interests lie in the field of regional economy He is the author of a chapter on China's two delta regions in the book *China and The Global Economic Crisis* **Asian Journal of Social Science**, 2004 **Doing Business in Rural China** Thomas Heberer, 2007 Heberer tells the stories of individual entrepreneurs in one of China's poorest and most remote regions He documents and analyzes the phenomenal growth during the last two decades of Nuosu run businesses comparing these with Han run businesses and asking how ethnicity affects the new market oriented economic structure and how economics in turn affects Nuosu culture and society **Forthcoming Books** Rose Arny, 2003-04

American Journal of Chinese Studies, 2006 New Left Review, 2008 **Business Networks and Strategic Alliances in China** Stewart Clegg, Dr. Karen Wang, Mike Berrell, 2007 Business Networks and Strategic Alliances in China addresses how knowledge transfer and innovation are interwoven within complex networks and how social capital contributes to the acquisition of crucial resources and business success in multi type enterprises in China The book explains how China's remarkable global economic impact in recent years has developed from foreign investment and that the dominant vehicle for economic development has been the International Joint Venture IJV between Chinese manufacturers and overseas enterprises Strict guidelines on FDI mean that foreign firms have been obliged to form relationships with Chinese organizations The authors illustrate that as a direct result the quality and nature of the relations networks and alliances forged is crucial for the success of Chinese businesses A sophisticated empirical theoretical comparative and historical guide

to understanding the nature of business networks in China is provided by this work As such it makes a distinct contribution to the furtherance of evidence based management theory and practice and will strongly appeal to those with an interest in management international business and Asian studies **At the Helm** ,2006 Directory of professors in the University of Malaya *Chinese Capitalism in Colonial Malaya, 1900-1941* Yuen Tai,2013 **Symbolism and Power in Central Asia** Sally Cummings,2013-09-13 With the collapse of communism post communist societies scrambled to find meaning to their new independence Central Asia was no exception Events relationships gestures spatial units and objects produced conveyed and interpreted meaning The new power container of the five independent states of Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan would significantly influence this process of signification Post Soviet Central Asia is an intriguing field to examine this transformation a region which did not see an organised independence movement develop prior to Soviet implosion at the centre it provokes questions about how symbolisation begins in the absence of a national will to do so The transformation overnight of Soviet republic into sovereign state provokes questions about how the process of communism turned nationalism could become symbolised and what specific role symbols came to play in these early years of independence Characterized by authoritarianism since 1991 the region s ruling elites have enjoyed disproportionate access to knowledge and to deciding what how and when that knowledge should be applied The first of its kind on Central Asia this book not only widens our understandings of developments in this geopolitically important region but also contributes to broader studies of representation ritual power and identity This book was published as a special issue of Europe Asia Studies

Rise of the Red Engineers Joel Andreas,2009-03-10 Rise of the Red Engineers explains the tumultuous origins of the class of technocratic officials who rule China today In a fascinating account author Joel Andreas chronicles how two mutually hostile groups the poorly educated peasant revolutionaries who seized power in 1949 and China s old educated elite coalesced to form a new dominant class After dispossessing the country s propertied classes Mao and the Communist Party took radical measures to eliminate class distinctions based on education aggravating antagonisms between the new political and old cultural elites Ultimately however Mao s attacks on both groups during the Cultural Revolution spurred inter elite unity paving the way after his death for the consolidation of a new class that combined their political and cultural resources This story is told through a case study of Tsinghua University which as China s premier school of technology was at the epicenter of these conflicts and became the party s preferred training ground for technocrats including many of China s current leaders *European Newsletter of Southeast Asian Studies* ,1998
