violence from internal enemies and slavery's breakdown. The fugitive Federals moving across the countryside in mass numbers Foote argues accelerated the collapse as slaves and deserters decided the presence of these men presented an opportune moment for escalated resistance. Blending rich analysis with an engaging narrative, Foote uses these ragged Union escapees as a lens with which to assess the dying Confederate States, providing a new window into the South's ultimate defeat.

The Military Obligation in Mediaeval England Arthur Herbert Noyes, 1930    Women's Indian Captivity Narratives Various, 1998-11-01. Enthralling generations of readers, the narrative of capture by Native Americans is arguably the first American literary form dominated by the experiences of women. The ten selections in this anthology span the early history of this country, 1682-1892, and range in literary style from fact-based narrations to largely fictional, spellbinding adventure stories. The women are variously victimized, triumphant, or in the case of Mary Jemison, permanently transculturated. This collection includes well-known pieces such as Mary Rowlandson's *A True History* (1682), Cotton Mather's version of Hannah Dunstan's infamous captivity and escape after scalping her captors, and the *Panther Captivity*, as well as lesser-known texts. As Derounian Stodola demonstrates in the introduction, the stories also raise questions about the motives of their often male narrators and promoters, who in many cases embellish melodrama to heighten anti-British and anti-Indian propaganda, shape the tales for ecclesiastical purposes, or romanticize them to exploit the growing popularity of sentimental fiction in order to boost sales.
