Star Patterns

Findout Constellations

What:
There is a lot of stars that make up constellations. Learning to find constellations is a fun way to learn about the night sky. The patterns of stars in the sky are called constellations. They are named after things like animals, people, and objects.

How:
You can find constellations by looking at the night sky. One way to do this is to use a star chart. Another way is to use a telescope. You can also use a computer program to find constellations.

Why:
The stars in constellations are named after things like animals, people, and objects. This helps us to remember the names of the stars and the constellations.

Where:
The stars in constellations are found in the night sky. They are found in all parts of the sky.
