Popular Culture and Law Richard K. Sherwin, 2017-07-05 What are the consequences when law's stories and images migrate from the courtroom to the court of public opinion and from movie television and computer screens back to electronic monitors inside the courtroom itself What happens when lawyers and public relations experts market notorious legal cases and controversial policy issues as if they were just another commodity What is the appropriate relationship between law and digital culture in virtual worlds on the Internet In addressing these cutting edge issues the essays in this volume shed new light on the current status and future fate of law truth and justice in our time *William Faulkner in Hollywood* Stefan Solomon, 2017-08 During more than two decades 1932-1954 William Faulkner worked on approximately fifty screenplays for studios including MGM 20th Century Fox and Warner Bros and was credited on such classic films as The Big Sleep and To Have and Have Not The scripts that Faulkner wrote for film and later on television constitute an extensive and until now thoroughly underexplored archival source Stefan Solomon not only analyzes the majority of these scripts but compares them to the novels and short stories Faulkner was writing at the same time Solomon's aim is to reconcile two aspects of a career

that were not as distinct as they first might seem Faulkner as a screenwriter and Faulkner as a high modernist Nobel Prize winning author Faulkner s Hollywood sojourns took place during a period roughly bounded by the publication of *Light in August* 1932 and *A Fable* 1954 and that also saw the publication of *Absalom Absalom* *Go Down Moses* and *Intruder in the Dust* As Solomon shows Faulkner attuning himself to the idiosyncrasies of the screenwriting process a craft he never favored or admired he offers insights into Faulkner s compositional practice thematic preoccupations and understanding of both classic cinema and the emerging medium of television In the midst of this complex exchange of media and genres much of Faulkner s fiction of the 1930s and 1940s was directly influenced by his protracted engagement with the film industry Solomon helps us to see a corpus integrating two vastly different modes of writing and a restless author sensitive to the different demands of each Faulkner was never simply the southern novelist or the West Coast hack writer but always both at once Solomon s study shows that Faulkner s screenplays are crucial in any consideration of his far more esteemed fiction and that the two forms of writing are more porous and intertwined than the author himself would have us believe Here is a major American writer seen in a remarkably new way [Heritage Signature Vintage Movie Poster Auction #636](#) ,2006 Vente d affiches de cin ma les 12 et 13 juillet 2006 Dallas Texas USA *Retrofitting Blade Runner* Judith Kerman,1991 This book of essays looks at the multitude of texts and influences which converge in Ridley Scott s film *Blade Runner* especially the film s relationship to its source novel Philip K Dick s *Do Androids Dream of Electric Sheep* The film s implications as a thought experiment provide a starting point for important thinking about the moral issues implicit in a hypertechnological society Yet its importance in the history of science fiction and science fiction film rests equally on its mythically and psychologically resonant creation of compelling characters and an exciting story within a credible science fiction setting These essays consider political moral and technological issues raised by the film as well as literary filmic technical and aesthetic questions Contributors discuss the film s psychological and mythic patterns important political issues and the roots of the film in *Paradise Lost* *Frankenstein* detective fiction and previous science fiction cinema *The Essence of Film Noir* Diana Royer,2022-06-07 American classic films noir beginning with 1941 s *The Maltese Falcon* and ending with 1950 s *Sunset Boulevard* and the neo noir films made from the 1970s onward share certain thematic aspects stylistic qualities and cultural contexts Their concern with politics their depiction of con artists and the way their characters are shaped by America s puritanical religious roots show that these films are examples of a unique American genre even when the films directors are German emigres with artistic roots in European Expressionism The films psychological depth is revealed stylistically through complex narratives with select directors generating visual poetry as they deal with sex violence and betrayal Some films are based on popular novels inspired by true crime cases A unique approach to film noir scholarship this book discusses the genre s thematic aspects cultural contexts and stylistic qualities For those films based upon novels in depth analysis of the fiction is provided alongside the film version resulting in a fuller more thorough understanding of the genre **The Big**

Sleep David Thomson,2020-10-15 The Big Sleep Marlowe and Vivian practising kissing General Sternwood shivering in a hothouse full of orchids a screenplay co written by Faulkner famously mysterious and difficult to solve Released in 1946 Howard Hawks adaptation of Raymond Chandler reunited Bogart and Bacall and gave them two of their most famous roles The mercurial but ever manipulative Hawks dredged humour and happiness out of film noir Give him a story about more murders than anyone can keep up with or explain David Thomson writes in his compelling study of the film and somehow he made a paradise When it was first shown to a military audience The Big Sleep was coldly received So as Thomson reveals Hawks shot extra scenes fun scenes to replace one in which the film s murders had been explained and in so doing left the plot unresolved Thomson argues that if this was accidental it also signalled a change in the nature of Hollywood cinema The Big Sleep inaugurates a post modern camp satirical view of movies being about other movies that extends to the New Wave and Pulp Fiction
