The Art of Bill Viola Chris Townsend, Bill Viola, 2004-01-01 In a world where an artist's importance is often conferred by small groups of experts and cognoscenti Bill Viola's rich imagery touches a nerve with large international audiences His work never shies away from making big statements about human life and its relation to the universe to the soul and human spirit to nature and to death He is one of those rare artists whose work makes us aware of our nature as human beings taking art back to what were once its fundamental concerns and giving it a relevance to the emotional and spiritual lives of ordinary people **Bill Viola** Bill Viola, **Bill Viola** Bill Viola, 1998 Bill Viola, Slowly Turning Narrative Bill Viola, Melissa E. Bernier, 2014-05-19 The breach of art from religion is just one of the many unhappy legacies of modernism There was a time however when the aesthetic and the spiritual were of a piece This study of the work of American video artist Bill Viola considers the possible reemergence of a theological dimension to contemporary art a reenchantment of art as some have called it Using the high tech apparatus of modern video Viola's art is rooted precisely in this theological tradition of transcendent mystical experience and spiritual self concentration The technological apotheosis of modern image making high speed film high definition video LCD and plasma screens and sophisticated sound recording are put to use by Viola in ways that significantly challenge prevailing intellectual and artistic traditions and return us to the power of the Sublime that which by definition defeats language Viola's art as such converges with postmodern notions of the unrepresentable and with the ancient theological tradition of apophysis speaking away or unsaying The fullness of meaning then appears only as a promise of presence through embodied absence neither fully here and now nor entirely elsewhere and beyond This study seeks to define through the work of a courageous and thoughtful contemporary artist the theological sublime as an aesthetic of revelation
