very ordinary woman a wife and mother of six who has had quite an extraordinary life It tells of her thoughts feelings and emotions as she faced up to the prospect of losing her breast and dealing with the tough treatments that followed Sue like many diagnosed with cancer did not know what to expect and so she has written this book with the hope that it will provide encouragement and inspiration for those in a similar situation Sue very honestly talks of her relationship with God and how the cancer affected her outlook and how just when she felt that too much had happened in her life for God ever to be able to play a part there was an incredible catalogue of events that took place giving her the message that God had never left her side For every copy sold a donation will be made to Breast Cancer Care and Cancer Research in the hope that with this support further advancements can be made in the fight against cancer
