

10 Ways to Build SELF-ESTEEM

1. Identify your **needs, wants & hopes**. And make **CHOICES** that move you closer to them...not farther away.
2. Stand up **TALL**. Literally. Good posture improves **confidence**.
3. Focus on your **EFFORT** and view challenges & mistakes as opportunities to learn and grow. 🌳
4. Talk to yourself like you would to a good friend, with kindness, **compassion** & a good sense of humor.
5. **CREATE. BUILD. Make art.** Follow your curiosities....Do more of what helps you to feel more like amazing, lovable, grounded **YOU**.
6. **Unplug**. Go outside. Breathe. And **listen** to the birds, breeze & wise voice within.
7. Decide what is okay and not okay with you. Then hold your **BOUNDARIES** and stay true to your values. ←
8. **Connect** with others. And spend time with people who treat you the way you want to be treated.
9. Exercise daily, eat healthy food, drink plenty of water & get at least 9 hours of sleep each night.
10. Laugh. **Play**. Have fun. **Dance** Get silly. 🎵

organizational psychology Interpersonal Insight offers a practical engaging introduction to the social cognition processes that

lead to insights into ourselves and other people shaping our perceptions and behavior across a variety of interpersonal

situations from one on one interactions to group negotiations Combining important research results and over 12 years

experience in human resources and training Manuel London describes how processes common to interpersonal situations in

organizations can be harnessed to help link integrate and create more effective human resource programs In so doing he

details how social information processing affects a person's self image behavior and quality of interpersonal relationships

London proposes a four step model of insight formation in which a person 1 receives information about oneself and others

called reflected feedback 2 integrates and reconciles the information with other information categorization 3 interprets the

information attribution and 4 incorporates the outcome into perceptions of oneself and others cognitive re evaluation of self

concept Insight occurs when an attribution turns into a re evaluation of oneself or others London goes on to offer practical

suggestions on how human resource programs can be designed to enhance self or personal insights and suggests ways to

elicit and track employees reactions to major organizational and career changes while facilitating team development Packed

with case studies and references to the literature Interpersonal Insight is an important book not only for researchers and

professionals in industrial organizational psychology but for managers interested in enhancing employee satisfaction and
