Michael Hawn, 2003-06-01 As a troubadour for global music and an instigator of cross cultural worship for more than 15 years in a variety of denominational settings including congregational national and international venues Michael Hawn has observed many faithful people who find that a taste of Pentecost in worship is refreshing and invigorating In *One Bread One Body Exploring Cultural Diversity in Worship* Hawn seeks to help bridge the gap between the human tendency to prefer ethnic and cultural homogeneity in worship and the church's mandate to offer a more diverse and inclusive experience He offers a rainbow vision of the universal church where young and old joyfully and thoughtfully respond to the movement of God's Spirit in multicultural worship Hawn and four colleagues from Perkins School of Theology in Dallas formed a diverse team in ethnicity gender academic field of study and denominational affiliation to study four United Methodist congregations in the Dallas area that are grappling with cross cultural ministry Their four case studies illustrate both the pain and the possibilities encountered in capturing the Spirit of Pentecost in worship Hawn also offers a concise and practical theological framework as well as numerous strategies and an extensive bibliography for implementing culturally conscious worship This book is invaluable for congregations that want to undertake the hard work of cross cultural worship

**Arts Across Cultures** Soh Anne M. Y. Soh, 2022 In today's highly connected world many people are still unfamiliar with the good news of Christianity How do we invite them to think afresh about the Christian message and the Christian faith What is the role of the arts in mission How could we as artists explore ideas about mission pp pp This book seeks to address and answer these questions by showing the potential of the arts to impact the life and mission of the church It suggests how the arts can enhance worship and witness and help transform the wider world It demonstrates what being a missional artist means how the two parts of that vocation fit together and examines the nurture and training such artists need pp pp The book looks at how the performing arts such as music and drama the visual arts digital media and the use of creative arts workshops can form a rich tapestry to bring out the Christian faith in church and beyond Against the backdrop of global flows that reach into every local community it connects the arts to mission in culturally relevant ways by revealing how Christians from different contexts can work together drawing on the arts across cultures to reimagine the Christian faith so as to speak powerfully to contemporary peoples and cultures in our ever changing world pp pp Not just designed for artists and mission partners the book is also for pastors and leaders of churches and mission agencies to illustrate how the arts and artists can be embraced in creative ways to fulfill the task of mission in our increasingly globalized world pp pp Written by

practitioners with firsthand experience of these issues this book challenges the reader to widen their horizons in thinking about the vast possibilities for the role of the arts across cultures the arts in mission and missional artists in the sharing of the good news

**A House of Prayer for All Peoples** Sheryl A. Kujawa-Holbrook,2002-12-31 Contrary to the oft repeated truism there are churches in America where Sunday is not the most segregated day of the week as Sheryl Kujawa Holbrook convincingly demonstrates in her compelling exploration of congregations tackling racial justice issues Yet the truism continues to haunt many congregations and Kujawa Holbrook reveals through story and thoughtful analysis what it means to create and live out multiracial community Focusing on six congregations from different denominations geographical regions and settings the author shows us the joys and struggles in their intentional pursuits of a more diverse and just community The stories in A House of Prayer for All Peoples will inspire leaders to explore their congregation s history study their community s demographics and most of all search their souls for ways they can develop and celebrate the diversity in their midst The book is capped by an extensive annotated resource list for readers who want to explore the topic further

**Interdependence** HyeRan Kim-Cragg,2018-05-31 This book calls attention to an urgent need for postcolonial feminist approaches to practical theology It not only advocates for the inclusion of colonialism as a critical optic for practical theology but also demands a close look at how colonialism is entangled with issues of race ethnicity gender class disability and sexual orientation Seeking to highlight the importance of the interdependence of life the author challenges and contests the notion of independence as the desirable goal of the human being Lifting up the experiences of overlooked groups including children at adult centered worship queer and interracial youth in heterosexual and white normative family discourse and non human species in human centered academic and theological realms the book contributes to expanding the concerns of practical theology in ways that create healthy community for all human beings and non human fellow creatures It also takes up issues of multiple religious belonging and migration that practical theology has not sufficiently explored These illuminating new possibilities promise to renew and even transform church communities through the inclusion of often neglected groups with whom God is already

present *Intercultural Church* Safwat Marzouk,2019-10-01 Safwat Marzouk offers a biblical vision for what it means to be an intercultural church one that fosters just diversity integrates different cultural articulations of faith and worship and embodies an alternative to the politics of assimilation and segregation A church that fosters intercultural identity learns how to embrace and celebrate difference which in turn enriches its worship and ministry While the church in North America might see migration as an opportunity to serve God s kingdom by showing hospitality to the migrant and the alien migration offers the church an opportunity to renew itself by rediscovering the biblical vision of the church as a diverse community This biblical vision views cultural linguistic racial and ethnic differences as gifts from God that can enrich the church s worship deepen the sense of fellowship in the church and broaden the church s witness to God s reconciling mission in the world Today s church faces the challenge of what it means to be church in the light of the ever growing diversity of the population This may entail advocacy work on behalf of the undocumented asylum seekers and refugees but the church also faces the question of how to welcome the stranger the migrant and the refugee into the heart of the worshipping community This may mean changing worship leadership or ministry styles to embrace diverse communities in the church s neighborhood Marzouk surveys numerous biblical texts from the early ancestor stories of Israel to the Prophets to the Gospels and Acts the letters of Paul and Revelation The stories introduce themes of welcoming strangers living as aliens playing host to outsiders discovering true worship and seeking common language for expressing faith Discussion questions are provided to encourage conversation on this complex and important topic

Global Dictionary of Theology William A. Dyrness, Veli-Matti Kärkkäinen,2009-10-25 Theological dictionaries are foundational to any theological library But until now there has been no Global Dictionary of Theology a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South But it also reflects the increase in two way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited William A Dyrness Veli Matti Kärkkäinen Juan F Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives Pastors theological teachers theological students and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry Here is a new launching point for doing theology in today s global context

*Choosing Peace Through Daily Practices* Ellen Ott Marshall, 2005 *Choosing Peace through Daily Practice* is intended for people who feel both called to and daunted by the vocation of peacemaking How do we live out this calling in a world that seeks peace through violence How do we live out this calling in a society that understands peace as the absence of violence rather than the presence of justice How do we live out this calling in a time when the daily news reinforces the perception that peace is truly untenable The contributors all of whom teach at Claremont School of Theology argue in their essays that we live out this calling by practicing peace in and through our daily devotions work and interaction with others The first set of essays explores the vocation of peacemaking explains practices language and highlights the connection between the processes of peace in the world and peace in the home The remaining chapters describe practices of peacemaking in spiritual life classroom discourse congregational ministry and community interaction

Martin, 2018 Christ Fellowship Church is a Southern Baptist multicultural multigenerational and multilingual church with eight local campuses which hosts worshipers from seventy six nations every weekend in Miami Dade County While the worshipping body of Christ Fellowship Miami is extremely diverse the music and worship genres and styles are predominantly homogeneous This case study serves the worship ministry at Christ Fellowship Miami as they seek to engage in more culturally conscious methods of worship and music by exploring the diverse cultures languages and music styles represented in the congregation It discusses the planning development and execution of a global worship experience at the church that facilitated the exploration of creative approaches to worship through ethnodoxology in a safe and controlled environment The results of the study revealed several practical approaches to engage in more culturally conscious worship through the contextualization of language and music in worship gatherings Additionally this case study not only benefits the existing worship ministry but can be used to further edify the church and equip their mission and vision to continue launching Christ Fellowship campuses throughout Miami Dade County online and globally
